A LETTER FROM JNO. F. SUGG TO ALL THE PEOPLE OF NICHOLAS COUNTY

Numerous friends have told me that they have been watching for my announcement as candidate for County Court Clerk and a great number of them, without solicitation, have encouraged me with their pledges of support, and influence in securing the nomination for this office. This is very gratifying to me and I thank every one of you for every kind word or encouragement you have given me. Without this, I may have felt some hesitancy in making another race for this important office; however, I realize, as a rule, voters do not seek the candidate but rather the candidate seeks the office, and that is why I am writing this letter to you. I do want to "stay in."

I have had the office a long time (eleven years and four months) without being absent a whole day, and as to the service I have rendered to all the people, high and low, rich and poor, white and colored, I have never heard a complaint.

Nearly all the voters of Nicholas county, except, perhaps a few new residents, have had many business transactions in my office since I have been your County Clerk, and many of the duties of the office have been performed under very trying circumstances when there was a rush of business and many people worried attention at the same time, but at all times, I have endeavored to give you courteous, efficient service. I know you appreciate this service.

Perhaps only a few of my friends, or those who are acquainted more fully with the duties of a county clerk's office, realize the enormous amount of work and responsibility required to perform the duties of this office. Many do not comprehend what a particular fee we have, in order to properly prepare each tax bill required for Nicholas county, to keep all the registered voters listed in their proper precinct, to prepare the ballots and supplies for each election, and to keep the county budget of the fiscal affairs properly, still, through all the years that I have been your county clerk, very few, if any, errors have been made in all this work. And to show you what the Field Auditor from the State Auditor's Office in Frankfort has to say regarding this office upon completion of his last audit of our books on the 8th day of January, 1945, I quote his written statement herein as follows: "I have this day completed the County Audit of the County Court Clerk's office in Nicholas County, Kentucky, and I find the records neatly and correctly kept. I especially wish to commend the County Clerk and his Deputy for the efficient manner in which I find the budget accounts kept for the County of Nicholas in his office. (Signed) A. J. Archer, Field Auditor from the State Auditor's Office, Frankfort, Kentucky."

While I am on the subject of efficiency, I also want to quote to you a portion of a very kind letter written to me by my honorable opponent, Mr. Grimes Caywood, under date of January 17th, 1945, while he was away from home.

"Dear Mr. Sugg: I have intended to write you from time to time, for you are one of the people I like to remember as one of my old friends. Truthfully, Mr. Sugg, I feel that you have been one of the best friends I have ever known, and I appreciate the many kindnesses you have rendered, and when I return home after all this mess is settled, I hope it will be my privilege to in some manner repay you in some other way."

Congratulations and best wishes for your new term of office. May you be spared to serve Nicholas county for many more terms. (Signed) Grimes Caywood."

I regret that space is limited, otherwise, I would quote his whole letter to you now, however, if any one is further interested in the nice things that Mr. Caywood wrote me, I will be pleased to show you his letter, if you will call at the county clerk's office.

A very deep friendship has existed between Mr. Caywood and myself ever since he was a small lad and I still esteem him as one of my friends. He is an honorable, trustworthy gentleman and because of this, I appreciate the contents of his letter all the more.

Just now I am wondering how much the readers of The Mercury enjoy these political letters. I don't want to disappoint you, by making this announcement too short. I do want to tell you that I stand on my record and promise you the same courteous, efficient service in the future that I have given in the past.

I assure you that I appreciate the kindness and loyal support my many friends have given me in the past, and I will be truly thankful for every thing that you may do to help me win this race.

I am, and hope to remain,
Your humble servant,
JNO. F. SUGG.

BEULAH HUGHES ANNOUNCES FOR CIRCUIT CLERK

Give youth a chance and, surely will give you service.

If those who have agreed to support me in Nicholas County ring true to their word I will be elected Circuit Clerk.

I was born and reared in Nicholas county, Kentucky, and am now twenty-six years of age. I was supported the Democratic Party since I cast my first vote; I have sought no office. Justice and Policy would suggest, now and then, that there should be new faces in the political picture.

I feel that I am qualified by reason of both education and experience, for I am a graduate of Carlisle High School and have served sixteen months in the County Clerk's office. I have been employed three years at Avon as a secretary. I have struggled for all of this I have so far achieved.

I am not after political power or running in the interest of anybody. It is my heartfelt desire to be elected with Clean Hands, unhampered by any character of activity that would divert me from my high purpose to be of service to all the people in the Nicholas county and not to prostitute the power of my office for the benefit of a few.

I am against corruption in politics both by purchasing votes with promises or promises which cannot be kept.

Those who believe in me can feel assured that I will stand up to the Ridges that are necessary to climb.

Having engaged in its factional struggles I feel that last week's issue of the Democratic voters against Republican opposition, if I receive the nomination.

This appeal is to every man or woman who will support the Godgiven and Constitutional right to control his own vote.

Respectfully,
BEULAH HUGHES.

(Pol. Adv.)

TO THE CITIZENS OF NICHOLAS COUNTY!

Having given the matter much thought and after very careful consideration I now announce myself as a candidate for the Democratic nomination for County Judge at the Primary Election to be held on August 4, this year.

In fairness I must say that the offers of support of many fine friends from all sections of the county had some bearing on the decision thus made.

Most of you know that I have been your Circuit Clerk for the past 5 1-2 years, one of the most difficult offices in the Court House to hold and also one of the most important, and I shall prove, for I get the many new friends I have made during this time.

I do not feel that a lengthy statement is necessary at this time as I expect to see each voter in the county before the Primary if the gas and tire situation will permit.

Very truly yours,
LACY BARNETT.

(Pol. Adv.)

TO NICHOLAS COUNTY VOTERS

I am a candidate for the Democratic nomination for County Tax Commissioner subject to the will of the voters at the primary election August 4, 1945.

I hope to see many of my friends before the primary, but on account of shortage of gasoline I may not see all of you. From time to time I will endeavor to communicate with the voters of Nicholas county, either by personal call, mail, or news paper publication. I was city tax commissioner of Carlisle for eleven years and feel that I am fully qualified for the position I seek. I will appreciate your vote and influence.

HARRY T. BURGESS.

(Pol. Adv.)

TO THE VOTERS OF THE THIRD MAGISTERIAL DISTRICT

Four years ago the voters of the Third Magisterial district elected me as their magistrate. I am asking your vote and influence for re-election and submit my claim to the voters at the Primary election to be held on August 4, 1945.

If nominated and re-elected I promise to serve my district in the same honest and business-like manner as during the past four years. I will appreciate your influence and vote.

WILSON (Buster) CLARK.

CARD OF THANKS

We wish to express our sincere thanks to our friends for their kindness and assistance at the time of the death of our husband and father, Mr. Ollie C. Rigg. We especially wish to thank Rev. W. B. Dampier, the donors of the beautiful flowers, and the spiritual bouquets, and everyone who helped in any way during the death of our beloved husband and father.

Mrs. Ollie C. Rigg and Family.

ADMINISTRATOR'S NOTICE

All persons having claims against the estate of Mrs. Pearlie Mae Bowles, deceased, are requested to prove their claims, as required under the Statutes, and file with us at once.

ORVAL GAUNCE, Admr.
ROGER WOMACK, Attorney.

TO THE DEMOCRATS OF NICHOLAS COUNTY:

Having been encouraged by many taxpayers and after having given the matter careful consideration, I have decided to enter the race for the Democratic nomination for Tax Commissioner of Nicholas county and I hereby formally announce as a candidate for said office, subject to the action of the Democratic voters at the August primary election.

I hold a certificate of qualification for this office, having previously taken the examination required of candidates for this office.

I am a member of an old Democratic family of Nicholas county and have always worked and voted for the Democratic nominees. For the past 18 years I have worked as agent in Carlisle and I believe that I know personally every voter in the county and hope to see all of them before election day.

However, because of shortage of gas, it may be impossible for me to call at your homes. I think it most important to save gas and tire wear and tear and will endeavor to keep you informed by the use of the press.

I believe in fair and just taxation and in holding down properly, because of increased values and other existing taxes, and if elected I promise to use my best efforts to keep your taxes as low as the State will allow.

If elected I will be in the office from July 1 until December 31, as required by law.

Your support will be sincerely appreciated and I will always endeavor to render courteous and efficient service.

BEN J. ALEXANDER

A MOTHER'S PLACE

When we were babes, our Mother's worked
To keep us clean, they never shirked;
They did it all with ease and grace;
No one can take a Mother's place.

As children we soon learn the rule,
They want us all to go to school;
That we with others may keep apace;
No one can take a Mother's place.

And when we're grown, 'twill be the same.
Just children still, or so they claim,
They'll watch each frowning, smiling face
No one can take a Mother's place.

'Tis much we owe our Mothers dear,
For all they do year after year;
So let our hearts give them much space,
No one can take a Mother's place.
