BIBLE THOUGHT THIS WEEK

Lord, what is man, that thou takest knowledge of him! or the son of man, that thou makest account of him!—Psalms 144:3.

HANG TOGETHER—OR HANG SEPARATELY

Representatives of organized labor and the United States Chamber of Commerce have announced a "peace charter" to prevent strife between management and labor when the nation's economy contracts to a peacetime basis. The document recognizes the "inherent right and responsibility of management to direct the operation of an enterprise." It supports "private property and free choice of action, under a system of private competitive capitalism." It supports the right of labor to organize and engage in collective bargaining. It calls for the establishment of an international organization capable of assuring lasting peace.

This is constructive, statesman-like action. Every workman and every business man should do his best to make it bear fruit. Continued labor-management strife will inevitably result in total and permanent government control of both.

DO WE APPRECIATE IT?

An idea of what all-out war production means to the oil industry can be gained from figures cited at the war production conference in Chicago. "Two-thirds of the tonnage of men, equipment, and supplies needed in combat zones is petroleum. The gasoline tanks on a B-29 Superforterss hold enough gasoline to last the average civilian passenger automobile for nine years.

"While the nation's oil fields were deemed capable of producing more than four million barrels of crude oil per day in 1941, the actual demand of the refineries for crude oil was only about three million eight-hundred thousands of barrels per day. Now, during the fourth year of the war, the fields are producing more than four and one-half million barrels a day and more crude has to be imported to meet war's need." More than 90 percent of the facilities for the production of 100-octane gasoline are located in this country.

The United States has a miraculous combination of productive ability and resources, without which the war could not be won.

IS IT WORTH IT?

Events of the past decade indicate an increasing dependence by agriculture on political protection as a shield against fundamental economic forces. Now is the time to inquire whether a program of subsidies is feasible, and if so, whether it is worth the ultimate cost to consumers and taxpayers of the artificially high prices it is designed to create.—The Index.

The public is going to find out pretty soon just how much virtue there is in the diet that prohibits eating red meat.—Republic Bulletin.

THE PERFECT SHIPPING CAMPAIGN

If you have talked to any of the boys from overseas who have received packages from home, you have probably heard something about the damage resulting from improper packing of articles that were sent to them.

Throughout April, the railroads and the Shippers' Advisory Boards are featuring the National Perfect Shipping Campaign to prevent loss or damage in transportation.

The railroads impress on their own employees the following: Prevent Shock; Pile Safely; Pack Securely; Switch Properly; Stow Carefully, etc.

But behind this, there must be public cooperation to prevent damage. Each person who wraps a package, in home, factory or office, must do the job right or loss will follow.

A CARD FROM WALTER P. HAZELRIGG TO THE VOTERS OF NICHOLAS COUNTY, KENTUCKY

Nearly all my friends have known for a long time that it was my intention to again ask for the office of Tax Commissioner of Nicholas County, Kentucky, and I now make my formal announcement as a candidate for that office.

I want to make my letter brief and at the same time, bring to the attention of the voters that I have always endeavored to do my full duty to the people and the Commonwealth of Kentucky as your tax commissioner, and in doing so this, I have tried to hold every tax list taken by me to a fair level, which would be acceptable to the Commonwealth under the new laws. I am proud of my record, because at no time has the State of Kentucky imposed upon the taxpayers of Nicholas County what may be termed a "blanket raise." Many taxpayers may not understand that the constitutes Frankfort have the right to reject the assessment of our county as when sent in by the Tax Commissioner and make an increase on all the taxpayers, and while this has happened ever year, in many counties, it has never happened in our Nicholas County since I have been your Tax Commissioner.

Of course, no one loves to be taxed, but when they are taxed, they want it to be on an equality with their neighbors, and at all times, I have earnestly tried to *take each list fairly* and honestly and with equality to all the owners of property.

You know that I am qualified for the office, not merely by passing the required examination, but also by experience, I have had in the office.

If nominated and elected to this office again, I pledge you that it will be my earnest desire to give you the same fair, faithful service that I have given in the past.

I sincerely request your influence and support in seeking the nomination for this office and assure you that I will appreciate any favors that may be shown me.

Yours sincerely,
WALTER P. HAZELRIGG.

TO VOTERS OF THE 2ND. MAGISTERIAL DIST.

I wish to announce to the voters of the Second Magisterial District, that I will be a candidate for re-election as Magistrate, in the primary election, August 4th.

If elected, I promise to serve honestly in the future, as I have in the past, and to execute my duties to the best of my ability.

As you know, our district has had very little assistance through county funds in the past 3 1-2 years. Practically all road repairs in the district were made through Rural Highway appropriation. Therefore, I was unable to achieve as much improvement for my district as I would have liked.

If you consider me worthy of re-election, your support and influence will be greatly appreciated.

JESSE T. OCKERMAN.
(Pol. Adv.)

TO THE VOTERS OF THE SECOND MAGISTERIAL DIST.

Having been solicited by an unusual number of voters of this District, and in view of the splendid vote given to me by the voters in the last primary, I have decided to announce for Magistrate for the ensuing term.

I sincerely promise when elected to this office I will devote to it my very best efforts and will try to work in harmony with our Fiscal Court and to the best interest of Nicholas county as a whole, and will not be influenced by any individual group, or clique. I will appreciate your influence and vote.

JNO. W. ANDERSON ANNOUNCES FOR SHERIFF

If Democracy is worth fighting for it's worth voting for. From the four corners of the world, Freedom and Justice is the cry of all men, this is not new to me as I have heard this same cry in the World War I. I have fought and have seen my comrades give their lives for the principles for which Washington fought and bled and died. This was on the battle field of France and I came back to the home front in Nicholas county, Kentucky.

Two years ago, I called upon the voters in Nicholas county to support me for Deputy Sheriff which I responded. I served in that capacity from June 22, 1944, at which time the sheriff's office was vacated and I was appointed to fill out the unexpired term of the sheriff's office. I again solicit the support of the voters of Nicholas county for the office of Sheriff. I promise that a great responsibility will not be a whispering one very measly words, neither will I falter to fulfill my duties in the coming months.

It has been a pleasure to serve the public in the past and those who believe in me can rest assured that my deputy and I will make you fearless, honest and upright Sheriffs.

Respectfully,
JNO. W ANDERSON

30 YEARS a FORD DEALER!

Remember back when

Remember back when you used to come in for a first look at the new Ford models—before the war? Well, there'll come a time when we will again invite you to drop in and, "See the new Fordar"

★

Remember what a sensation Henry Ford's Model-A was back in 1927? And how it opened new horizons to every motorist buying low cost personalized transportation.

★

Remember back when Henry Ford electrified the world by establishing a $5.00 day minimum wage for all of his employees? This, at a time, when standard wages were about half that figure.

★

Remember back in 1932 when the Ford V-8 was introduced—and in 1936 the 3,000,000th Ford V-8 was built!

★

Remember back when we did not have War Bonds? But we have them now and they are the best investment you can make. Buy more and more to help win the war as fast as we can and bring our boys back home.

Anniversaries mean we are growing older but it is a pleasure to grow old as a Ford dealer. Our years of association with the Ford Motor Company have been rich in memories and friendship, resulting from close contact with the outstanding American of our time—Henry Ford.

Through the manufacturing genius of Mr. Ford we have been privileged to offer our customers low cost automobile transportation and economical service. Whatever business success we have had is secondary to the opportunity it has given us to know and become warm business and personal friends with so many of the people we have served as a Ford dealer.

COME IN AND SEE US!

We are celebrating our Ford anniversary with an "Open House" where we can meet and greet our friends and customers in a neighborly way. Please consider this a personal invitation to stop by and see us. We appreciate your loyalty and patronage which have built our business and this is our way of saying a friendly "thank you".

The Carlisle Woman's club held its final meeting for the year on Friday afternoon, May 11, at the home of Mrs. W. H. Phillips. The music department, with Mrs. Cleary Fightmaster as director, presented excerpts from Victor Herbert's operettas. Miss Mary Frances Fisher was accompanist for the vocal numbers, and Mrs. James Parker reviewed the life of Victor Herbert.

Mrs. Ray Taylor, retiring president, presided over the business session, during which the new officers were elected: Mrs. Ben Linville, president, and Mrs. J. B. Linville, second vice president, were installed.

Mrs. Phillips was assisted by Mrs. E. M. Sandworthy, Mrs. Ben Linville, Mrs. Grimes Caywood, and Mrs. Frank Hardesty.

Gives Recital

Miss Laura Lynne Blake, who gave a recital April 29 in Memorial Hall, University of Kentucky, is the granddaughter of Mr. and Mrs. Robert Blake of Jackson, Ky., formerly residents of Nicholas county. Her pianist was Miss Kathleen June Wrench, the granddaughter of Mrs. W. Buchanan and the late Mr. Buchanan.

MAY, SWEET MAY

Earth never a petition for April to say,
When we can make welcome May, Sweet May.
The dew on the roses so fragrant and pure,
The dogwood and locust, the honey bee lure;
The mocking-bird warbles his notes all the day,
To welcome the coming of May, Sweet May.
If wishing for sunbeams That brighten the day—
We will herald the coming, Of May, Sweet May.

Her lips are not proud, but gentle and gay,
Swaying trees in the valley make music and sway,
Saluting with honor—
May, Sweet May.

The American Way
LET'S REPAIR THE AMERICAN WAY
By George Peck

In America, prior to the war, the average worker earned enough money in one hour and twenty minutes to feed a family of five for one day. In Great Britain and France, it took a worker more than three hours; in Belgium and Germany almost four hours; in-Italy six hours; and in Russia ten hours to accomplish the same purpose.

There were two principal reasons why the American workingman was able to achieve so much more in a given time than the workers in any other country: (1) Because no America has the finest system of producing and distributing wealth among all classes that has ever been devised, and (2) because we had developed man's friend, the machine, to a higher degree of efficiency and productivity, than had any other nation.

This American System, call it by any name you prefer (the Capitalistic, the Profit and Loss, the Free Enterprise) has enabled this nation to produce the materials of war which are playing such a tremendous part in the winning of the conflict. Yet, there are those who design to suggest that we should abandon this system of private ownership, individual initiative, opportunity and competitive enterprise, which has served this nation in such good stead both in peace and in war; and have us adopt one of the systems such as have been in effect in Russia, Germany or Italy.

It hardly seems credible that there can be one single American workingman who would choose to work from three to seven times as long as he now does, in order to earn enough money to obtain creature comforts for himself and family. But, that is exactly what he would be forced to do if this country ever is foolish enough to discard the American System and replace it with Communism, Fascism, Nazism, or planned economy "all the same under the skin."

Knowing that we now have the finest system, and also realizing full well that in spite of-its superiority to all others, it is still far from perfect, let's get our heads together to devise ways and means for eliminating its imperfections and weaknesses.

When some mechanical part on automobile gets out of order, do we impetuously throw the whole machine away, forgetting the past, marvelous and efficient performance of the car? Or do we exchange it for another automobile which we definitely know to be inferior? Certainly not. We proceed to do something about that out-of-order part. We repair it.

By the same token, we are not going to throw away or exchange our American System simply because it needs a few repairs. The American Way always has been to go on from here, not to scrap what has been tried and proven, but to build better and sounder, learning from past mistakes how to avoid them in the future.

If we are the smart people that we believe ourselves to be, we will turn deaf ears to the glib-tongued collectivists who sneer at the American System, under which we became the greatest nation on earth. We will continue to repair, not scrap, that American System, just as we have done ever since the Founding Fathers, in their wisdom, and with God's guidance, inaugurated it.

When I Use Mohawk CAN WORK WONDERFUL

Says Howard D. Denson, Route No. 1, Box 13, Pittsview, Ala. Can hardly get along without Mohawk Medicine. It keeps me regular, does away with Gas Bloat and I eat without distress.

Statements like Mr. Denison telling of the relief Mohawk Medicine gave him.

If you suffer from Dull Headache, Upset Stomach, Belching, Gas Bloating, caused by constipation, take Mohawk; price 69 cents for a large bottle. It tends to make your liver more active and clear away old bile from your system. Caution, take as directed.
