THE FUTURE BECKONS With a Busy Hand!

Now THAT the war is over, it's time to open the doors to the days ahead. They're going to be busy, exciting days.

It means providing telephones for all who have been waiting for them. This is one of our first jobs. A greatly expanded telephone program for our farmer friends is also in the making.

These are the high spots. They have been ideas on the drawing board. They will become realities as materials become available. There will be the marshalling of property. There'll be money, money and materials, the forces that brought Kentucky and the Delaware Company to their present positions.

Our optimism for the future is based on the record of the past. Kentucky and the 32nd men and women of the Telephone Company have grown up together, and watched each other grow. Now, in the days ahead, the same friendly rivalry will continue.
