An Open Letter To The Farmer

Gentlemen:

There are innumerable ills harassing the farmers of our district, but the outstanding one of these—in my humble opinion—and the one which I would like to discuss with you, is the present Federal statute dealing with parity—the par or normal price—of farm products.

The period of 1935-39 was taken as a base for the derivation of the present parity formula and, at that time, farm labor costs were not included. If we base parity for all commodities on that year and compare with present day prices we come up with some startling disclosures.

Since 1939 the cost of living has risen 30% to 50%, and is still rising; farm labor costs have doubled, but there has been a rise of only 16% in the price of farm products. This is a difference of 12% at the lower level, and 32% at the higher which the farmer is paying over the par of 1939. In other words, as compared to the par of 1939, the farmer is paying over 12% on average of 12% to 32% more for commodities purchased than he receives for commodities sold.

When parity was determined, the federal government guaranteed the farmer 90% of the parity price in case of depression, which was all well and good for 1939. However, now, if the bottom were to drop out of the market between the time the farmer plants his crops, and the time he reaps his harvest, he stands to lose the difference between the 12% of parity, at which he is now selling, and the 90% guaranteed to him between the 138% of parity. This is grave doubt in my mind that the farmer can by the government, or 26%. There is grave doubt in my mind that the farmer can stand that amount of loss in addition to the present price trends.

I think you will agree with me that a situation of this kind is highly untenable and needs to be remedied. There is a way to accomplish the task but it will take your wholehearted cooperation.

One solution is revision of the present parity law to include farm labor cost, or by basing parity on a 1943-44 level, or a combination of the two.

If I am elected, I pledge you this: I will strive to bring about revision of the present parity law in order to give the farmer a fair share of the nation's profit and to insure him against irreparable loss.

Yours for fairness to Farmers,
HARRY KING LOWMAN

THE CARLISLE MERCURY

Glances Here & There
By I. D. Zern

If Bob Curtis sues us we will just have to throw ourselves on the mercy of Judge Shepherd or Judge Dedman, whoever the case would come before, for Bob would have a just action. What happened was that in the list of election officers who will serve here Saturday, August 3, his name appeared as a Republican officer in the Engine House precinct. Since no more stalwart wheel-horse of Jeffersonian Democracy exists than this Carlisle resident who has voted the straight ticket since Grover Cleveland was a young man, we feel that we are entitled to his prosecution—so here's hoping Bob will not take legal action. Excuse it, Mr. Curtis.

• • •

As the political campaigns get under the "short-row" days a little more activity is being marked locally as the uncommon jitters toward politics is being shaken off to some degree. It still looks like a light vote here and the same holds good all over Kentucky according to what we hear. This column has impersonally predicted, subject to your contested election, the nomination of John Young Brown, as Democratic nominee for the U. S. Senate, and that of incumbent Joe Bates, as U. S. Representative for this district. A straw vote taken by the Cincinnati Enquirer has indicated that Brown will carry the Fifth district and the Sixth. Some district or two will go Republican. Ardery who appears to be Brown's closest opponent. If the samples of sentiment are on the beam, it is indicated that Brown will sweep the state by for an easy win over the other eight candidates because of his personality appeal in the other seven districts. Although some Kentucky newspapers have thrown in with this one will take no stand in the primary preferring to wait the outcome of the coming battle against the Republican party by giving equal space to both. The Democratic nominee when the people of the state, in the primary, decide upon one August 3.

• • •

By the same token, The Louisville Courier-Journal, which is supporting Ardery, carried a feature article Sunday over the by-line of Robert Riggs in which an analysis of the Fifth district is presented, giving Brown a very definite lead in the pre-election sentiment. It is predicted that Brown may carry all counties in the district.

• • •

Well Mrs. Walter Wyrick, whom I mentioned last week as a good neighbor has her new popcorn and peanut crop in the theatres and expects to do a land-office business at the corner of Broadway and Main where she has erected a large booth for the purpose. Tractor-Taul will be manufactured and sold there as soon as sugar be comes more plentiful. This is as sad, neighbor! In regard to the shortage of sugar, John Hall reminded me the other day of days long gone in the past when sweet was so common, was a very scarce and necessary commodity. Old deeds and paper transactions in the files of his county clerk's office make note of the barter and exchange of salt, then manufactured at Blue Licks, using terms which might today be associated with the exchange of gold—or sugar.

• • •

We have purchased a quantity of type with which we hope to step up our advertising and so dress up our publication as to present a better paper by improving appearance of each page. Association with the newspaper field here in case of depression, this community deserves the best publication it is possible to deliver and we think there is probably no place in Kentucky where the residents give better support to a wholehearted support. This makes running a paper here a pleasure so for the period I am allowed by circumstance to conduct a newspaper in Nicholas county all effort will be continued to secure the ever better community which the community deserves. I must admit I have never been satisfied with the paper in my experience which I have been anywhere near satisfied. Studying over all past efforts, glaring faults are constantly revealed which need attention. Three remedied, others appear, awaiting correction. Far from perfection, as we find ourselves, I doubt that perfection is ever reached but striving for it should be the fetish of all newsmen.

Funeral Rites For Fire Victim Held

Funeral services for Daniel R. Hamm, 46, who died in his burning automobile near Paris on the Maysville and Lexington road, Wednesday night were held Friday at the grave in the Carlisle cemetery with Rev. Ralph Thomas, pastor of the Christian church officiating.

Pallbearers were John Ander son, Clyde Hamm, Stanley Hamm, Robert Hamm, Elmer Moss and Thomason Anderson.

Deputy Sheriff John Neal of Paris said Hamm's automobile overturned and caught fire when it was struck from the rear by an automobile driven by Harold Hillock, 26, of Cincinnati. Hillock's car was wrecked.

Hamm, who was alone in the car, was pinned in the automobile and efforts of passing motorists to rescue him were futile, Neal said.

The charred body of the victim was removed after motorists had cut out the flames with fire extinguishers. He was burned beyond recognition and identification was made through the license plates on the car, Neal said.

Hamm was a son of the late Bruce and Belle Morris Hamm of Paris. He is survived by his wife, Mrs. Mattie Lee Hamm; three sons, all of Miami; a brother, John Hamm, Cincinnati, and six sisters, Mrs. Ida Bruce Osborne and Mrs. Myrtle Shea, both of Cincinnati; Mrs. Christine McKenzie, Covington; Mrs. Max Ogden, Monticello; Mrs. Ruth Laughlin, Nicholas county, and Mrs. Arthur Taul, Carlisle.

Inquest Held

The accident near Paris last Wednesday night which resulted in the death of Daniel R. Hamm of Carlisle was termed unavoidable by a coroner's inquest held in Paris Monday. The car in which Hamm was riding also caught fire and overturned after being struck from the rear by an automobile driven by Harold Hillock of Cincinnati.

Figures Reveal Benefits Paid

Figures reported today by R. A. Tweedy, manager of the Lexington office of the Social Security Board, show that a total of $35,084.77 is being paid monthly in insurance benefits to 2231 people in the 20 counties of the area by the Federal system of old-age and survivors insurance. These figures are for June 30, 1946, as disclosed in a report for the second quarter of this year. This is an increase of approximately 11 per cent over the monthly payments made in the previous quarter.

The following figures show the number of persons in each group who are receiving social security benefits in the Lexington area and the total of the monthly payments:

Type of Beneficiary	Total Number	Monthly Payment
Retired workers	916	$18,595.41
Wives over 65	240	2,536.25
Widows and children	239	4,039.57
Children under 18	728	7,638.29
Widows over 65 and aged dependent parents	119	2,275.25

In addition to these monthly insurance payments, a total of $8,101.62 was paid during the quarter in lump-sum benefits.

With the announcement of these figures, Mr. Tweedy pointed out that it is advisable for workers of 65 or more to call at the Security Board office in the Post Office Building for information whether or not they are still working. Even if a worker is not planning to retire, he added, it may be to his advantage to file an application for social security benefits under a procedure that has been arranged to prevent possible loss of benefits.

Baptists Respond To World Needs

Rev. Ira McMillen, pastor of the Carlisle Baptist church said today that reports received by his churches and individuals have been generous responses to the World Relief Campaign to raise $367,700. Ninth and O Baptist church, Louisville, the Rev. M. D. Morton pastor, voted and has paid $1,000 for World Relief, which is almost double its quota. Primary Baptist church, located in a negro community in the mountains, gave $70.00, which is almost three times its quota.

With no roads leading to this church, the boys have never seen a car at the church and few wagons. Some of the lumber that went into the construction of the church meeting house was sorried on the backs of men up the steep slopes of Pine Mountain, a distance of about a mile. The majority of the Kentucky Baptist churches are expected to make their report of the 1946 Relief July 28 and to give at least six per cent of their total income for that part.

Rev. McMillen added that Dr. H. T. Skinner, director of the First Baptist church, Bowling Green, state paper. Dr. C. W. Elsey Shelbyville, chairman of Western Recorder, the Baptist of managers voted unanimously for Dr. Skinner. His election was approved by the executive committee of the General Association of Kentucky Baptists. Dr. Skinner will begin his work as editor about September 1.

Will Visit County

JOE B. BATES

Congressman Joe B. Bates has written friends here that he expects to visit Nicholas county before the primary election, Aug. 3 in the interest of his candidacy for re-election. The press of important affairs in Congress will limit his time in the district, he said.

Unit Of 38th Inf. Division To Be Formed In Nicholas County

Plans are being completed for the formation in Carlisle of a unit of the 38th National Guard Infantry division, now being activated throughout Kentucky, according to Captain William E. Buntin, Jr., recruiting officer for the Nicholas county organization.

The local unit, when organized, will become the Cannon company of the 149th Infantry combat team, with a table of organization strength authorization of 72 enlisted men and five officers. It is expected, said Captain Buntin, that enlistments will exceed the authorized strength by a considerable number as the unit is activated.

Enlistments for the Carlisle organization will be accepted from 7:30 to 9 o'clock Monday night at the Carlisle Armory, Buntin said, and anyone finding it impossible to be there at that time may contact him any other time concerning membership in the National Guard.

National Guard pay currently ranges from $2.50 per drill night for privates to $38 per month for first graders (master sergeants and first sergeants). Drill will be held only one night a week.

When organized, Cannon company, 149th Infantry combat team will be initially mustered in a ceremony to be conducted by a group of Regular Army officers from Frankfort. The date for this event has not yet been announced.

Ten enlistments have been accepted to date, Buntin said, and many more are expected in the immediate future.

Spencer Payne Locates In Paris

Spencer C. Payne, a native of Carlisle, has accepted a position as embalmer for the Davis funeral home in Paris, effective August 1st.
