»Glances Here & There

ANNOUNCEMENT OF JOHN Young Brown, stormy petrel of Kentucky politics, that he will run for the Democratic nomination for U. S. Senator, assures one thing at least and that is that very probably there will be a hot time in Kentucky this summer—not due entirely to natural weather conditions.

Who else will aspire for the Democratic nomination for this important office is still undecided as this piece is written but by the time of publication other announcements may have been made.

THIS COLUMN WAS INFORMED some weeks ago from a source considered very reliable that Keen Johnson, governor of Kentucky, would not make the race for the Senate.

Recent indications are, however, that the forger chief executive of Kentucky is now seriously contemplating entering the primary and if this occurs he will be backed by many state voters who are appreciative of the fact that he gave this state one of its best administrations.

Johnson defeated Brown in a hard fought race for the nomination for Governor in 1939.

* * *

ANOTHER POSSIBLE ENtrant is Col Phillip P. Ardery, of Frankfort, who apparently has the blessing of The Louisville Courier-Journal and who will rate strong support if he gets into the race.

Youngest son of Circuit Judge and Mrs. William B. Ardery, of Paris, he is awarded with Edward F. Prichard, Jr., also of Paris, in law practice. He was honored recently of a citation for having served with distinction in the air force during the war.

Beside Brown, an announced candidate for the Senate at this time is Tom Logan, of Hopkinsville, who will not figure prominently in the race, it is believed.

Other Democrats said to be pondering the race are Billy Gilmore, of Franklin, who carried this county over Donaldson-Smith in the gubernatorial primary, and John Whitaker, Logan county, who has been the leader of the late Tom Rhea.

* * *

WORST THING THE DEMOcrats can do is to become embroiled in a slam-bang political fight this summer. The Republican party is hoping to elect some members to the Congress, particularly in the House of Representative where they have not been elected since 1928 and they will have a chance for a member of their party.

National Chairman for the Republican party, here, is predicting that the G. O. P. will capture three or four Kentucky seats in Congress this fall. This in itself might not mean much but this is the same fellow who at Louisville last Saturday night told his friends: That Assault was a sure winner.

A hot primary may serve to endanger some Kentucky seats. If incumbent Democrats are given way to John Sherman Cooper, of Somerset, in the nomination for the Senate, it may take a good, strong Democrat who can unite the party to defeat him.

* * *

REPORTS THAT NICHOLAS county's State Senator H. Stanley Blake will run for the Democratic nomination for Congress in this district have not been verified but it is felt here that the veteran state legislator is seriously pondering the matter. If Stanley announces and if Eva Kendall decides to run for office in November for the Republicans, it appears Nicholas county will be very prominent politically this year.

NOW THAT THE CLOCKS have been set back to standard time, how would it do if some of us morning sleepers would ask that the clocks be set back an hour more so as to get sort of even with the "sunshiners" who have had so much the best of it all this time. After all there are many long-sufferers who went along peacefully with the ideas of the up-with-the-dawn element of our population who never got a real good night's sleep during the whole blamed period. It's an established fact that while you can get too much sunshine, no one ever heard of a laborer in the vineyard who could get too much sleep.

Judge Dedman Instructs Jury To Curb Speed And Tax Violations

Grand Jury Adjourns Until May 20 After Receiving Instructions Of The Circuit Judge At The Present Court Term

Judge J. C. Dedman, in instructing the Nicholas county grand jury Monday placed particular stress on violations of the law by speeders and pointed out that there is much of this type of law violation here. He also called attention to the number of delinquent dog owners who have not complied with tax laws.

The grand jury met and adjourned until Monday, May 20. Members of the jury are Henry Brambleit, foreman; Sterling Vice, Reuben Cleaver, Verna Stone, Allen Bromagen, Raymond House, John G. Allison, Frank Guthrie, Charles Reid, Butler McClanahan, Guy Neal and Shell Morris.

Sim Vice, tried in circuit court Tuesday on a charge of malicious cutting and wounding, pleaded guilty and was fined $50 and costs by Judge Dedman. The charge against Buddy Bussell, charged with willful murder, was not set for trial. The damage suit of Mrs. Ina Ledford against Walter Irvin, Katherine Whaley and Robert Whaley, is set for May 21st.

Bravard May Come Back To Carlisle

The Carlisle school board at the regular session for April voted unanimously to reelect James Bravard to the high school faculty in the position of coach and science instructor for the 1946-47 term.

Bravard held this position when he was called into the armed forces in 1942. He was recently discharged from the army where he held the rank of captain.

The former coach was present at the meeting and stated he would be glad to accept the job again if the community would support a playground under his supervision at a salary of $450.00 for the three summer months. Approximately $300.00 has been pledged but there is still $150.00 that must be raised if the city of Carlisle is to have the organized playground program for the summer, the board announced.

City Votes To Return To Old Time At Once

Carlisle returned to standard time following the regular meeting of the city council Monday night when Mayor W. C. Talbert broke a tie vote by casting his ballot in favor of a motion to change to daylight saving time immediately. Clocks were advanced Sunday, April 28, by a resolution adopted by the city council at a called meeting a few days before.

Voting for the continuation of the "fast" time were Councilmen E. A. Van Bever, William Harper and A. R. Fisher. The three members voting for a return to standard time were Joe Scott, John Burnam and J. D. Patton. In breaking the tie, Mayor Talbert said that aside from the petition presented, it had been indicated to him that many citizens desired standard time and stated that a number of business men here had expressed to him regret at not the clocks back.

At the meeting of the Nicholas county fiscal court last Wednesday, a resolution requesting the city to turn back the clocks was unanimously adopted.

A permit to build a new church was granted Rev. C. A. Parker, pastor of the Assembly of God congregation here. Mr. Parker requested to look into violations of a city ordinance forbidding the parking of trucks of over one-half ton on West Main street between Elm and the city limits.

Street superintendent Joe Clay was asked to instruct garbage collectors to leave uncollected that in uncovered containers. A sum of $150 was voted toward playground supervision this summer.

Youthful Veteran Yearns To Play Basketball

Wounded in Belgium just six months after he was inducted into the army, Combat Infantryman Ottis Ritchie, of Hookstown, has just been discharged this week and is resting after long treatment in army hospitals. Son of Mrs. Nancy Ritchie, the young Nicholas countian entered the service in June 1944, shortly after he graduated from Headquarters high school at the age of 18 years. A member of a light mortar crew, he was severely wounded in the left breast and arm in the fighting after the invasion of the European mainland.

At the Headquarters school, Ritchie was active in basketball and other sports. Now at 20, the battle veteran is waiting on his injured hand to get well enough to "play some more basketball." He plans to enter the University of Kentucky and is now waiting arrangements.

Ritchie served in the service a number of medals and badges including a campaign ribbon with two battle stars.

She was grazing in the next morning near a wire fence with a two-week-old colt by her side. The colt had a mark on its head, but was not otherwise injured. The loss was valued at $500.

May Have Been Too Much Catnip

Although it hasn't said a word since as far as any one knows, there are people here who will swear that one day last week a cat which makes its home in the Carlisle Drug Store tried to drink a soda—anything. They say that it remarked distinctly that it was sick.

Alcoholic-hot staff-drink imbibers bearing the voice, turned toward the cat perched on a box. "I'm sick", the cat repeated, so they declare. A stern look of alarm was followed with laughter that he left his character as he went out, it was reported. Later the opinion was expressed that maybe he was a ventriloquist.

County Board Names Fryman Again For Year

The Nicholas County Board of Education met Saturday for its regular monthly meeting. Raymond Wesley, who was recently elected as Superintendent of schools to fill the unexpired term of W. B. Dampier, was present for his first official meeting with the board.

Final arrangements for the closing of schools were made at the meeting and the budget for the next fiscal year was discussed. The budget will be prepared and presented for adoption at a special meeting, it was stated.

The board elected Otta Fryman as attendance officer for the school year of 1946-1947. It approved the elections of teachers, but delayed final placement until a later meeting in order that the superintendent might have an opportunity to become acquainted with the personnel and the schools.
