THE CARLISLE MERCURY

Volume LXXX Established 1867 CARLISLE, KY., THURSDAY, OCTOBER 3, 1946 Price Five Cents NUMBER 39

Incidentally - -

Mrs. Carrie Hardwick of this city is in receipt of a letter from abroad written in what she believes to be Czechoslovakian, and has brought the letter to The Mercury office in the hope that some local linguist might make comic strip fans as "Lil Abner" and "Tena the Hyena." If we wanted to be smug about it, we might suggest that the Carlisle man failed to receive first prize only because of the total lack—as any fool can plainly see—of any suitable models in Nicholas county.

The First National Bank here is undergoing a series of changes in interior decorating which, should, when completed, give the institution a highly pleasing appearance. A new oak counter with aluminum trimmings has a graceful design and will not only enhance the building's interior, but will serve to make more space available for the work of bank employees. Executive Officer Ed Jones, however, likes the large volume of records to be rearranged, however, was inclined to express just a little doubt as to the truthfulness of the last statement when he saw Paynesque sentiment as "I don't know what this is true or not."

It should behoove every automobile driver or pro-spective driver to familiarize himself with the provisions of the new "financial responsibility" law to go into effect in Kentucky January 1. With this idea in mind, we are carrying on the editorial page this week a concise, but somewhat informative, summary of the requirements of the new legislation. Down the path, if you're interested.

Charles Sexton, whom we thought we had escaped as a regular sports reporter last week, for some reason failed to make an appearance at the office here following last Friday's football game. We've not seen him since. It is sincerely hoped that some favorable results in the Carlisle-Lafayette game Saturday was entirely ex-reporter Sexton back into the fold as we heard numerous favorable comments on the style of reporting in last week's paper.

Fiscal Court Buys Land For Use In Building Infirmery

First major steps toward securing a new home for Nicholas county's indigent aged residents were taken Saturday with the purchase by Nicholas Fiscal Court of a 171-acre tract of land on Highway 36, two miles southwest of Carlisle.

The fiscal court, it was reported, intended to use the site for its county home, and hoped to eventually build an infirmary structure to replace the one destroyed by fire last spring.

The land was one of three offered at public auction in order to settle the estate of the late Forrest Daleth.

The fiscal court's bid of $117.57 per acre was accepted for the tract, making a total of $30,364.47 paid for the site, which includes a nine-room residence, a tobacco barn, a feed barn and other outbuildings.

The county attorney said the fiscal court would move temporary barracks onto the site as soon as possible in order to house the county's aged residents.

The second tract of 87 acres, which is also in cultivation and in grass, and including a five-room house and other buildings was sold to Elmer and Edgar Scott for $107.25 per acre, a total of $13,473.75, while it was announced that the third tract, embracing 31 acres and lying between the other two tracts 1 and 2, was purchased by Ernest Young for $160 per acre, or $4,960. Young owns a farm which adjoins this tract.

Following the sale of the three tracts, 33 shares of stock in the Deposit Bank of Carlisle were sold to Ernest Young at the rate of $160 a share, 10 shares at $162 a share and eight shares at $164 a share, all sold to Roger Womack, and five shares at $176 a share, sold to George Watson, of Carlisle.

The sale was conducted by the Deposit Bank as executor of the estate.

Much Improved

Philip Sugg, who was seriously injured during an accident at the recent American Legion horse pulling contest here, is reported to be very much improved at the Johnson Memorial hospital in Sugg's home in Augusta, the local hospital from the St. Joseph's hospital in Lexington last Wednesday.

Musketeers Will Go To Lexington For Game With Lafayette Saturday

Severely handicapped by several injuries sustained in last Friday's losing game with the Somerset Briar Jumpers, Coach Tebay Rose's Carlisle Musketeers will go to Lexington Saturday afternoon to meet the Lafayette high school Generals on Cassidy field.

Although defeated by Danville 19-6 last week, the Generals promise to offer some formidable opposition, and coach Rose, who will put his team on the field this time with practically no reserves, expects a tough battle with the Lexington boys.

The game, which will take place in Lexington on the same day (2) the University of Kentucky Wildcats are scheduled to meet Xavier University from Cincinnati, will probably draw a large attendance of football-minded spectators, both from Carlisle and Lexington.

Last Friday's game with Somerset sent the Musketeers down to their first defeat, with the Briar Jumpers playing some of the best ball seen by local spectators lately. The Pulaski county boys scored almost at will after Strunk pounced 25 yards for a touchdown on the second play of the game.

Friday's grid session was Carlisle's first loss in two starts and Somerset's initial win in a pair of games.

Alexander and Strunk each tallied in the first quarter after the latter's long run and Sheehan scored on a 25-yard run in the second quarter to make it 26-0 at the half. Williams and Alexander scored in the third period and Blake and Sheehan added the final markers in the fourth stanza, Blake scoring twice.

The summary:

Somerset (60)		(0) Carlisle

Ewing Burglars Are Sought By Authorities

Fleming County Sheriff C. W. Bishop reported this week that postal authorities were assisting him in the investigation of four burglaries—including the post office—at Ewing early Monday.

Others of the developments were reported in the search for possibly three or four men who broke into the Ewing Deposit Bank, the Jones Hardware store and John Hilderth's grocery.

Sheriff Bishop estimated that the total cash loot did not exceed $50 as the burglars confined their activities to cash drawers in the three office, bank and hardware store.

He reported burglars took a safe from the grocery store and carried it across a nearby railroad track where they broke it open to obtain between $12 and $15 in cash and $60 in checks.

"The County Judge and the County Superintendent have presented their cooperation with the County Superintendent and the Attendance Officer in an effort to solve this attendance problem.

"We are asking the parents to cooperate with us in an effort to solve this problem by getting their children enrolled and in regular school attendance.

"Final notices are being sent to a number of parents this week. In the event we fail to get action, prosecutions are checked. Any parent who feels they should get their child enrolled in school or show a legal reason for not doing so."

School Head To Demand Regular Class Attendance

The problem of maintaining regular attendance in the schools of Nicholas county was the topic of discussion at a meeting of the County School Board here Saturday.

With County Superintendent Raymond J. Wesley presiding, the Board agreed that getting children enrolled and seeing them in regular attendance was one of the most serious problems confronting the Nicholas county schools. This, it was pointed out, is especially true with boys and girls, a number of whom are retarded in their grades because of lax attendance.

Summarizing the discussions of the Board Saturday, Superintendent Wesley this week issued the following statement:

"The attendance department has been working on a number of non-attendance cases and has found that there are some violations of the Attendance Law. This law requires normal children between the ages of seven and sixteen years, regardless of whether they are eighth grade graduates, to be enrolled and attend school.

"The County Judge and the County Attorney have promised their cooperation with the County Superintendent and the Attendance Officer in an effort to solve this attendance problem.

"We are asking the parents to cooperate with us in an effort to solve this problem by getting their children enrolled and in regular school attendance.

"Final notices are being sent to a number of parents this week. In the event we fail to get action, prosecutions are checked. Any parent who feels they should get their child enrolled in school or show a legal reason for not doing so."

Bussell Sentenced To Ten Years For Holiday Slaying

The Nicholas County Circuit Court, in session at the court house here Wednesday, found Foster Bussell, charged with the murder last Christmas eve of Gaylord Anderson, guilty of voluntary manslaughter and fixed his punishment at ten years in the State Reformatory.

After deliberating only 30 minutes after receiving Circuit Judge J. C. Dedman's instructions, the jury returned a finding that Bussell "in sudden heat and passion or in a sudden affray without previous malice and not in self-defense, did shoot and kill and wound Gaylord Anderson." The jury's decision was signed by J. W. Miller, foreman.

Anderson, 40 years old and a veteran of World War II, was killed at the Bussell home on the Flemingsburg pike, near Hendrixville, last December 24. Sheriff John Anderson said that he had been called to the Bussell home at about 10:15 o'clock on the night of December 24 because of a disturbance there and upon his arrival found the war veteran dead as a result of a shotgun wound which Bussell admitted inflicting. The officer reported that the shooting had taken place during the time he was enroute to the scene.

Members of the jury which found Bussell's case here Wednesday were Foreman Miller, Russell Ritchie, Adrian Clark, Ray Stump, W. S. Gaunce, Ganz Duncal, L. V. Jacobs, Sam Smith, Ira Green, Earl Hardwick, J. E. Soper and Ollie R. Cannon.

William Conley represented the defendant, and Commonwealth's Attorney A. H. Barker and County Attorney Roger Womack represented the state.
