The final enrollment figure represented an increase of better than 53 per cent over the previous high for any term in the University's 82 year history. Speaks At Georgetown

The Rev. Albert W. Sweazy, Versailles, who recently returned from military service in Japan and Korea, was guest speaker Sunday at the Georgetown Methodist church. Mr. Sweazy previously was pastor at Oxford, Midway and Versailles.

Mr. and Mrs. J. A. Alexander and daughter, Mrs. Fairy Alexander and Mr. and Mrs. Charles H. Allison and daughter spent Monday in Mt. Sterling.

Miss Ann Buntin has gone to Atlanta, Ga., to assume her duties with Delta Air Lines.

Constitution Not Really That Long

An account of the Woman's Club meeting on page 3 of this week's Mercury reports that Dr. Amry Vandenbosch told the club the Kentucky constitution is "seven to eight times as long" as the federal Constitution. This erroneous statement, which we discovered too late to remedy, should have read "seven-eighths as long", and although we'd like to go along with Dr. Vandenbosch in emphasizing the cumbersome length of the State document, we wouldn't sleep well tonight if we permitted such an obvious exaggeration to get through without comment.

Girl Scouts To Aid USO Drive

Lew B. Osborne, Nicholas county chairman of the U. S. O. Drive being currently conducted here, has announced that the Carlisle Girl Scouts, under the supervision of Leader Mrs. Frank J. Hardesville school, Myers school, East Union school, Bonds, Moorefield voting booth, Bumard Roost voting booth, Parks school and the Nicholas county courtroom in Carlisle.

Any person who has an interest in the 1946 crop of burley tobacco as an owner, tenant, sharecropper is entitled to vote in the referendum. However no person is entitled to more than one vote even though he may be interested in producing burley tobacco in two or more communities, counties or states.

It is further announced that if marketing quotas are approved, individual acreage allotments will be continued in 1947. Allotments for individual farms for 1947 will not be less than 85% of the 1946 allotment for any farm which has grown up to 75% of its allotted acreage in any one of the past three years. He added that the law provides that 1946 allotments of nine-tenths acre or less cannot be reduced for 1947.

The burley tobacco from the 1947 crop will not be eligible for loans if the grower's share of the loan rate is 90 per cent of parity. By law, pooling cannot be done if growers disapprove quotas. It was emphasized that the law presently affords growers the opportunity of obtaining loans based on grades. If the tobacco under loan is sold below the loan rate, the farmer pays the difference in any profit which may be realized.

At the present time, burley growers are producing more tobacco than is being consumed and there is now a surplus of tobacco. With extremely high yields per acre, the past three years, the crop has been much greater than expected and have exceeded consumption by far. Which accounts for approximately 300 million pounds. Marketing quotas afford the opportunity to adjust supply in line with demand and to effectively control the size of future quotas, together with the loans, will protect the growers against low prices which otherwise could be expected.

Growers will vote on one of three propositions:

1. Are you in favor of quotas for the 1947, 1948 and 1949?

2. Do you favor the quotas for one year 1947, but are opposed to quotas for three years?

3. Are you opposed to any quotas?

J. Edgar Freeland Sells Bourbon Farm

J. Edgar Freeland sold last week his farm on Creek on the Hume and Bedford road near Paris to C. J. Fretwell of the Little of Lexington at $20,000, approximately $585.00 an acre.

Immediate possession was given. The purchasers plan to open a subdivision and sell lots soon. Mr. Freeland had owned this farm for the past eleven years and he and Mrs. Freeland moved back to Carlisle in February, where he was employed as auditor, as custodian of the Carlisle cemetery, which he had held for many years before moving to this farm.

Bell Is Dedicated

An all day meeting was held Sunday at the Indian Creek Christian church during which the church bell, recently donated by Mr. and Mrs. Carl Long, was dedicated. The Rev. Fred L. Frances Reinsmith, second; Ann Fryman and Patsy Wills, third.

Balloting Will Be Held On Friday

Approximately 1700 persons in Nicholas county are eligible to vote in the referendum on burley tobacco marketing quotas which will be held Friday, according to H. L. Herndon, chairman of the Agricultural Adjustment Agency in this county.

The referendum was called in accordance with the law, which authorizes marketing quotas on burley tobacco for the 1947 crop. However, marketing quotas cannot be in effect unless approved by at least two-thirds of the growers voting in the referendum.

Nine polls will be open in the county from 7 a. m. to 5 p. m., and each one will be manned by three tobacco growers, from the community in which the poll is located, Mr. Herndon said. The polls will be at Headquarters school, Barretville school, Ellisville school, Myers school, East Union voting booth, Moorefield voting booth, Bumard Roost voting booth, Parks school and the Nicholas county courtroom in Carlisle.

Any person who has an interest in the 1946 crop of burley tobacco as an owner, tenant, sharecropper is entitled to vote in the referendum. However no person is entitled to more than one vote even though he may be interested in producing burley tobacco in two or more communities, counties or states.
