**GREYHOUND LINES**

**Greyhound fares are as low as in Pre-War Days!**

**IT'S TRUE!** That upward spiral of price rise hasn't so much as budged Greyhound fares. They have remained normal — just as low as before-the-war days. This is more remarkable too, since costs and maintenance of operating bus lines have risen sharply all along the line.

How does Greyhound do it? Well — it's no trade secret. The backbone of Greyhound Lines formula for success is more and better service to more people. Expansion and augmented service... efficient operation and the introduction of newest equipment have all combined to hold the line on bus fares.

Your travel dollar really buys more today than ever before in bus line transportation.
