Cunningham Enters Training College

Bobby Cunningham, formerly of Carlisle, has entered Business Training College in Pittsburgh, and is taking a two years course for veterans. He left Carlisle after graduation and has been discharged from service several months.

A member of the local Glee club, he has been accepted in the Pittsburgh Male Chorus. The Chorus sings at Carnegie Music Hall and other noted places.

Cunningham's mother, Mrs. S. Cunningham, lived here many years, and has been in Pittsburgh for over a year. A sister Miss Ruth Mae entered nurse's training soon after the family moved to Pittsburgh. On Oct. 1 she will be in the Children's Hospital for Pediatrics there. The younger sister, Doris Jean is a student at Oliver high school.

Former Carlisle Minister Decorated

Chaplain (Major) Harry W. Alexander of Lexington, a former pastor of the Carlisle Presbyterian church, has been awarded the Bronze Star Medal for meritorious service in connection with military operations during the periods 16 December 1944 to 19 December 1944," according to a War Department communication received here.

Major Alexander, a native of Charlotte, N. C., was ordained in the local Presbyterian church on January 18, 1931, and in addition to the Carlisle church was minister for a time at the Presbyterian church in South Frankfort.

He is a prisoner of war in Germany from December 1944 to April 1945, according to the dispatch. The citation on the order awarding the medal reads: "As Senior Chaplain, he was of great assistance in maintaining high morale and in administering to the wounded in the 423d Infantry Regiment during a highly critical period from December 16 to 19, 1944, in the vicinity of St. Vith, Belgium. Despite the fierce fighting and hostile shell fire, he moved unreservedly among the men of the regiment, cheering, instilling confidence, and proving of great value to all with whom he came in contact."

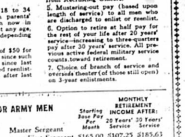
SET YOUR SIGHTS

It takes planning to achieve a goal



Some young men know what they want and plan for it. Others are still looking for their niche. The new Regular Army can help.

Perhaps you want to go to college but can't afford it. If you enlist in the Army, you'll get your chance. Honorably discharged after a three-year enlistment, you are eligible for four years education at any college, trade, or business school for which you can qualify. The Government will pay your tuition, laboratory fees, etc., up to $500 per ordinary school year, plus $65 a month living allowance—$90 a month if you have dependents.

If you haven't found your spot, an Army enlistment offers you training in any of 200 trades and skills. You leave the service eligible for further training at the best civilian schools.

You can assure yourself of the benefits of the GI Bill of Rights if you enter the Army on or before October 5, 1946. See your nearest Army Recruiting Station for details.

HIGHLIGHTS OF REGULAR ARMY ENLISTMENT

1. Enlistments for 1½, 2 or 3 years. (1-year enlistments permitted for men now in the Army with 6 or more months of service.)

2. Enlistment age from 18 to 34 years inclusive (17 with parental consent) except for men now in Army, who may reenlist at any age, and former service men depending on length of service.

3. A reenlistment bonus of $50 for each year of active service since this bonus was last paid, or since last entry into service, provided reenlistment is within 3 months after last honorable discharge.

4. A furlough for men who reenlist within 20 days. Full details of added furlough privileges can be obtained from Recruiting Officer.

5. Mustering-out pay (based upon length of service) to all men who are discharged to enlist or reenlist.

6. Option to retire at half pay for the rest of your life after 20 years' service—increasing to three-quarters pay after 30 years' service. All previous active federal military service counts toward retirement.

7. Choice of branch of service and overseas theater (of those still open) on 3-year enlistments.

Going Fishing? Here's How!

To hear Willie Walls and Basil Strube arguing about trout fishing, you'd think it was more important than the atom bomb.

Willie favors dry flies, Basil pooh-poohs anything but wet flies. Willie swears by a Royal Coachman; Basil won't hear of anything but a Silver Doctor. And by the time it comes to steel rods versus bamboo rods . . . it'll be on!

But on Saturday, each got back from Seward's creek with a catch that couldn't have differed by more than several ounces!

Each had used his favorite kind of fly, his favorite rod and his favorite place to cast. So over a friendly glass of beer, they allowed as how maybe they were both right . . . which is how so many arguments should end.

From where I sit, if we all respected one another's different opinions—whether about trout flies, or drinking beer, or voting, life would be a whole lot pleasanter.
