Army Week Has A Purpose

Cynthiana, Democrat— Army Week will be observed in this country beginning Sunday, April 6, the anniversary of our entry into World War I.

Army Week was not set aside as such during the war years. However, it was actually observed daily, so to speak, by those listening to radio and other news reports of the progress of our troops in Europe, Africa and Asia, by buying War Bonds, working in victory gardens, and the like.

Perhaps that is the main reason we now are called upon to observe Army Week—to remind us that it was our Armed Forces that stood behind our independence and our liberties.

Dr. Ed A. Campbell returned home Thursday evening bearing his diploma from the Southeastern Homeopathic College of Medicine.
