Millersburg Woman Inherits Life Income

Julia Jefferson, Millersburg, will inherit $500 outright and the income for life from a $10,000 trust fund, under the will of the late Mrs. Lida Fields of New York and Cambridge, Mass., offered for probate Monday in Surrogate Court in New York. The will disposes of an estimated $93,000 in cash and securities plus jewelry of as yet undetermined value.

The Second Christian Church and the Second Methodist Church, both of Millersburg, will receive $1,000 each from the principal of the trust fund upon the death of Mrs. Fields' sister, Miss Edith Lee, to the Methodist church, according to the will, to the memory of the late Libba Hansford, while the other bequest is in the name of Mrs. Maria Robbinson, mother of the testatrix.

The balance of the trust principal is bequeathed to the Society of St. John the Evangelist, Boston, which will also receive Mrs. Fields' residuary estate. The widow of Amos Fields, she died on July 15.

To be able to carry money without spending it, to be able to bear injustice without retaliating; to be able to do one's duty when one is not watched; to be able to keep at it until it is finished; to be able to make use of criticism without letting it whip you. That is success.—Clip Builder.

AT INTER-AMERICAN DEFENSE CONFERENCE

THE UNITED STATES DELEGATION to the Inter-American Conference at Petropolis is greeted (top) on the arrival at Rio de Janeiro, Brazil, by that country's Foreign Minister Raul Fernandes. Shown are (L to R): Secretary of State George C. Marshall; Fernandes; Sen. Tom Connally of Texas, and Warren Austin, U. S. representative on the United Nations. Post Office Discovers New Chain Letter Gag

The Postoffice Department said it has alerted its inspectors to crack down on a new version of the old "chain letter" craze—ballyhooed as a $2,048 lure.

A department statement said there are indications that "another wave of chain letters is sweeping through the nation."

Its difficulty with the latest scheme is that it is not actually a "chain letter" but "chain money" —two bucks a throw—mailed without explanatory enclosure, the Postoffice said.

"The transmission of the $2 by mail without the chain letter list constitutes a violation. Any person participating in this scheme either directly or indirectly is subject to criminal prosecution for using the mails in furthering a lottery."

The plan, currently popular in Washington and reported under way elsewhere, holds out the hope of a $2,048 return.

Whoever bought up the idea got away from previous chain letter systems which involved mailing name lists and instructions, thus providing the Postoffice Department with open and shut cases for prosecution. It works this way:

Mr. A makes up a list of 10 names (himself and pals presumably) and goes personally to friend B and sells him the list for $2. He sends another $2 by mail to the name at the top of the list, in the presence of Mr. A and puts his own name at the bottom of the list.

B then makes two copies of the list and sells them at $2 apiece to Miss C and Mrs. D and the chain is under way, each seller in turn sitting back and waiting for the dividends to come in by mail.

Theoretically, everyone buying the list and getting in at the bottom has the prospect of eventually being at the top of 1,024 lists. They are thus privileged to dream about an eventual return of $2,048.

Thomas Jefferson inherited from his wife 10,000 acres of land and 135 slaves. She died 19 years before Jefferson became President.

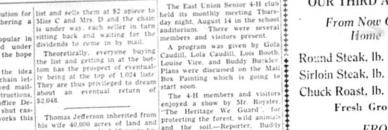
'Green Pastures' Will Provide Cheap Feed To Cut Higher Dairy Production Costs



Good Pasture Promises Heavy Milk Flow by Dairy Cattle.

CHICAGO—"The green pastures" can help dairy farmers cut steadily rising production costs by providing low cost fodder to pinch hit for high-priced corn and other feed grains, according to a statement made public here by the Middle West Soil Improvement Committee.

"Production costs have gone up faster than market prices for dairy products since the war," says the statement. "Farmers are paying more for corn, feed grains, milk cans, cream separators and other materials. Farm wages have searched an all-time high.

"Before V-J Day, one pound of milk would buy 1.33 pounds of cattle feed. Today it will buy only 1.2 pounds. During the war a pound of butterfat would buy nearly 26 pounds of feed. Now it will buy only 22.4 pounds.

"The cheapest and best feed a farmer can get comes from pasture. Thus, an investment in pasture improvement that boosts the output of legumes and grasses per acre will help dairymen keep production costs and boost profits.

"Pasture is the path to good pasture, however. You have to feed the soil so it can feed the crop. Liming, based on soil tests, plus the use of manure is one of the essentials. So is the use of good catch of deep-rooted legumes in the rotation. The application of commercial fertilizer containing phosphorus and potash is equally important in providing nutrients vitally needed by legumes for sturdy growth.

"A good stand of legumes and productive grasses has a twofold value. It supplies a low cost and abundant source of proteins, minerals and vitamins to promote a heavy milk flow by dairy cattle. The legumes increase the soil's nitrogen resources, open and aerate the soil, rebuild the organic matter supply and improve the soil's tilth."

Fleming Countian 'Shoots Up' Village

Terrorizing the town of Maysville by driving his automobile up and down the thoroughfare and discharging a shot gun several times, resulted in Sidney Hill, of Fleming county, being fined $100 and costs after entering a plea of guilty in police court Monday morning. Hill was charged with disorderly conduct and reckless driving.

Hill was given a fine of $100 and costs and his driver's license suspended for a year on conviction of driving a motor vehicle while under the influence of alcohol and $25 and costs and a 20-day jail sentence on a charge of discharging firearms on a public highway and in a town.

Evidence at the hearing disclosed that Friday afternoon Hill engaged in a fight in a Cuebali's pool room from which he was ejected. Leaving the pool room he went to his home, secured a shotgun, then returned and drove up and down the highway in Maysville discharging the shotgun.

Frank Courtney, of Mason county, who was with Hill on one of his trips was fined $25 and costs which he paid.
