

To wish you all A Merry Christmas

While glad bells peal out, while children make merry, while carols are being sung and the Christmas story is being told and retold, we join in the joyous occasion by expressing best wishes for a Merry Christmas to each and every one.

Danger From Tree Ever Present

Although the Christmas tree is one of the most delightful things of the season, it is also one of the most dangerous. Each year, thousands of people are injured and property is damaged by falling trees or branches. The danger is greatest when the tree is decorated and the lights are on. The tree should be placed on a level surface and should be secured to the wall. The tree should be watered daily and the lights should be turned off at night. The tree should be removed from the room before going to bed.

CHRISTMAS BELLS

TO GREET YOU AT Christmas

If we could—we would say "Merry Christmas" to each of you personally. Since we can't, the next best thing is to put our greetings in print.
