Girl Scout Official Is Club Speaker

Miss Betty Brady of Lexington, field executive of Girl Scouts, addressed the Carlisle Rotary club at its monthly meeting Friday afternoon at the Youth Center. Miss Brady told the club that "securing differs from other organizations because it is an international organization, the same in England as in America."

The local Girl Scout troop is sponsored by the club. Miss Brady was introduced by Mrs. Eda S. Taylor, community service chairman.

A motion picture in technicolor, showing the various activities of Girl Scouts was presented.

At a business meeting the club voted to send school supplies to children in divastated foreign countries who are receiving no education because of lack of basic materials such as pens, pencils, chalk, crayons, pads, recreational supplies. The articles must reach UNRRA not later than June 30, 1947. They will be sent to China, Korea and Ethiopia.

Any member wishing to contribute to this cause is asked to bring any of the above articles to the next meeting.

In the absence of the president, Mrs. E. A. Van Bever, Mrs. Boyd Hamilton presided.

Mrs. Irvin stated that Dr. Richardson Jr., president of the Mason County School Association, would be the guest speaker at the meeting. He will discuss the type of program and work sponsored by his own organization.

Further plans for a proposed religious survey of Nicholas county will be presented to those present at the county meeting. Mrs. Irvin said.

Red Cross Makes Report For 1946

Financial Aid Given During Year Was $408.83

The Nicholas county chapter of American Red Cross, in a yearly report made public this week, revealed that approximately 300 cases were handled during 1946, with a total of $408.83 having been reashed in financial assistance given during the period.

The report, which was made by Mrs. Fredia Berry, executive secretary of the local organization, stated that cases handled included those of servicemen and ex-servicemen alike, as well as a number of civilian cases.

Among servicemen services rendered, Mrs. Henry said, were 32 furloughs and extensions, 30 inquiries and messages, 25 reports on health of servicemen, 60 assisted with government benefits, including death, disability, dependency and insurance benefits, 120 seeking counsel and guidance on personal and family problems, 20 reports for the Veterans Administration, four war-bride communications through the committee and brides arriving in Nicholas county, and assistance in securing 12 burial allowances for veterans.

The local chapter also assisted a large number of veterans in filling application forms for terminal leave pay, Mrs. Henry pointed out.

In non-serviceman assistance rendered, the report stated, the Red Cross assisted in serving food to and obtaining clothing for inmates of the County House, when that institution was destroyed by fire.

Several civilian families have received financial assistance during the year, it was added, and the local Red Cross recently aided in rehabilitating two families whose homes were destroyed by fire.

McMillan Takes First Place At Casting Event

Bever Speaks To Club Members At Business Session

The Rev. Ira W. McMillan easily captured first-place laurels at a casting contest conducted at the Armory last Thursday night by members of the Nicholas Fish and Game Club. Second place was awarded to Marion Mathers, and M. C. Shearer was third high scorer for the evening.

Others taking part in the contest, which was arranged and conducted by Elva R. Kendall, were W. S. Cook, Maurice Kind, Orville Gaunce, Earl Hamm, Clay Bishop, Boyd Hamilton, Gus Pruitt, T. T. Straw and Charles Mathias.

First and second prizes were cash bonats donated for the purpose by Thomas Johnson, proprietor of the Fish and Game Store here.

Prior to the casting contest, which began at 7:30 o'clock, a brief business session with president M. C. Shearer in charge. Bob Bever, newly appointed state game and fish and game supervisor, was introduced and spoke briefly to club members concerning the killing by farmers of game on their property. He stated that it was permitted under the law, he pointed out, to kill any and all game that are actually harmful or destructive of the farmer's property; but, Bever said, the farmer before killing such game should notify the sheriff immediately and provide evidence of the destruction caused by the game killed.

Plans for a vermin-ridding campaign to be conducted over the county by the local club on an early date were discussed at the Thursday night meeting. This drive will be conducted by a committee which includes Boyd Hamilton and C. C. Whaley.

Barterville School Destroyed By Fire On Monday Night

The Barterville elementary school building, a two-room frame structure which was the home of the first high school in in Nicholas county, was destroyed by fire of undetermined origin Monday night.

County Supt. Raymond Wesley said today the blaze was discovered by Mrs. Fryman, county attendance officer, while he was passing the building. The fire had already gained such headway that the roof was falling in, according to Mr. Wesley.

The county superintendent said that 26 pupils of the first three grades had attended classes at the Barterville school, taught by Mrs. Hazel Rule. Only one of the two rooms was being used, he stated.

He said that the county board of education carried $1,000 insurance on the building and its contents. This amount will probably cover the entire loss, he added.

Mrs Rule said that she lost all her records of the school in the blaze. She explained that she assumed that the records were with her every night, but that she had left them at the school Monday night.

Nothing was saved from the building and no one was injured.

Supt. Wesley said no arrangements could be made for transporting the students to other schools before the first of next week. He said that other schools could accommodate them satisfactorily, but that the county did not have funds on hand for this purpose to transport the additional pupils.

The superintendent said that he was unable to explain how the fire started. Recently a faulty flue had ignited the roof of the two-room structure, but the fire was extinguished and the flue had since been repaired, he said.
