Why Agricultural Limestone Should Be Used

KENTUCKY SOILS ARE LACKING IN AGRICULTURAL LIMESTONE.

Experiments over a long period of time have shown that by the use of agricultural limestone you can increase the yield of corn 24%, wheat 20%, grass and clover hay 59%, and soybean hay 26%. Yields of other crops can also be increased by the use of agricultural limestone. A great improvement can also be made in your permanent pasture.

By using agricultural limestone you can—

Increase the efficiency of manure and fertilizer.
Help control plant diseases.
Supply more food for plants.
Supply minerals for livestock; thus improving your livestock.
Improve the health of your family.

Agricultural limestone increases the value of your land.

Agricultural limestone can be applied at anytime during the year with very little difference in results.

IMPORTANT! ! The analysis of your agricultural limestone will depend a lot on the results that you get from its use. The analysis of our limeston rock is 95.14% calcium carbonate equivalent.

WE HAVE FACILITIES AVAILABLE FOR SPREADING AGRICULURAL LIMESTONE WHEN DELIVERED. IF YOU HAVE YOUR OWN SPREADING EQUIPMENT WE CAN DUMP THE MATERIAL ON THE FARM.

From where I sit ... by Joe Marsh

Mystery of the Rocking Chair

Ma Hoskins has a favorite rocking chair that's worn and shabby, with a sorry creak. Pa Hoskins has listened to that squeak for thirty years . . . and he decided to do something about it. So he bought a new rocker, and hid the other in the barn.

Ma allowed as how grateful she was . . . but when Pa missed her one afternoon, he heard a familiar sound that led him to the barn. There was Ma rocking happily in her old chair—squeak . . . squeak.

No need to tell you how Pa felt.

Quick as a wink he hid the new rocker and then brought Ma's old chair back to the house. Now when he hears that squeak, he looks at the mellow glass of beer he's drinking and says to himself: "That's just as entitled to her small pleasures as I am."

From where I sit, that's one of the reasons the Hoskinses are the happiest, oldest-married, possessfest folks in our town.

HEADQUARTERS METHODIST CHURCH

Rev. G. A. Kelly, pastor.

Sunday 10 a. m. Sunday school. Preaching at 11 a. m.; also at night 7 p. m.

There will be a baptismal service Sunday morning. Come.

CHRISTIAN CHURCH

Sunday's evening's service will mark the observance of "Youth Week", in the Christian church; the service that night will be in charge of the youth. Laura Jean Reid and Charles Dixon will speak. Other participants will be Jean Pumphrey, song leader; William Edward Sexton, organist, and Lucy Nell Henry will preside. The special music will be a number by the youth choir, directed by Mrs. Cleeyl Fightmaster, and a solo by Betty Campbell.

Sunday morning the sermon subject will be, "The Meaning of True Religion."

CHRISTIAN SCIENCE

"Soul" is the subject for Sunday.

The Golden Text is: "My soul shall be joyful in the Lord: I shall rejoice in his salvation." (Ps. 35:9).

Among the citations which comprise the lesson-sermon is the following from the Bible: "O Lord Thou hast pleaded the causes of my soul; thou hast redeemed my life." (Lam. 3:58).

The lesson-sermon also includes the following passage from the Christian Science textbook: "As used in Christian Science, Soul is properly the synonym of Spirit, or God; but out of Science, soul is identified with sense, with material sensation." (P. 482).

METHODIST BROADCAST

Bishop Ivan Lee Holt, internationally known leader of American Protestantism, scholar, author or preacher, speaks on The Methodist Hour Sunday morning, February 16th on "The Witness of the Methodist Church in the World Today."

Bishop Holt is a former president of the Federal Council of Churches and is chairman of the executive committee of the Ecumenical Methodist Council, which is planning for a world wide meeting to be held in Springfield, Mass., in September.

He is author of "The Return of Sterling to Man's Soul," and "The Search for a New Strategy in Protestantism." After serving St. John's church in St. Louis for twenty years he was elected to the episcopacy in 1938. He has served as visiting minister to churches in England, Shanghai and Toronto.

These broadcasts of The Methodist Hour are a part of a three month's broadcast sponsored by the Southeastern Jurisdictional Council and the South Central Jurisdictional Councils of that church. Dr. William F. Quillian of Atlanta is executive secretary of the former group, and Dr. Paul D. Womeldorf, Oklahoma City, is executive secretary of the latter organization.

All of these programs are heard over station WHAS at 7:30 a. m. These broadcasts originate Sunday mornings in Atlanta, Georgia at 8:30 Eastern Standard Time.

Mr. and Mrs. A. B. Crouch have returned from Mayfield where he has been a buyer on the tobacco market.

Catholic Information

There's something wrong with the Catholics!

If the Catholics worship pictures, statues and saints—if they think ashtrais, holy water, and the like, will in themselves prevent drowning—if Catholics have no minds of their own and must vote and fight and act just as their priests order—then surely there is something wrong with the Catholics. Yes, something so wrong that they should never be permitted to have a hand in the running of this great country of ours.

If, on the other hand, there is no idolatry or superstition about anything Catholic—if all Catholics have 100 per cent free will—if their patriotism is a proved fact—if, in short, Catholics believe that their Faith has in it and behind it reason, common sense, God-given authority, and a philosophy which, if generally adopted, would solve all present-day problems—if Catholics have such a story to tell to their non-Catholic friends and neighbors and fail to tell it—then again we say there is something wrong with the Catholics—woefully wrong.

To enable fair-minded people of other creeds to know Catholic facts from Catholic sources, the Redemptorist Fathers of Carlisle, Ky., will publish weekly in this paper little informative stories of the things which Catholics believe, do, and live, day by day, believing that our messages will receive courteous attention and credence because we have no religion to attack, no axe to grind, no purpose in mind other than to engender understanding and good-will which are so necessary if America is to stand united against the evils that surround us.

We hope you will feel free to write us your opinion of our labor of love and to ask frank questions about anything Catholic which you may have in mind.

If it's anything Catholic, ask a Catholic!
