CHRISTIAN SCIENCE
"Life" is the subject of the lesson-sermon which will be read in all Christian Science churches on Sunday, January 19, 1947.
The Golden Text is "This is the record, that God hath given to us eternal life, and this life is in his Son." (1 John 5: 11).
The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "What is Life? Life is divine Principle, Mind, Soul, Spirit. Life is neither in nor of matter. What is termed matter is unknown to Spirit, which includes in itself all substance and is Life eternal." (P. 468)

Help SAVE LIVES on Kentucky Highways!

We Are Counting on YOU to Help People Stay Alive!

The appalling record of traffic fatalities has launched a national crusade to make every driver SAFETY CONSCIOUS. Do your part to make Kentucky a pattern for the nation! It is up to you, as an individual, to call a halt to so much death and destruction on our highways. Your patrolmen are trained and ready. Give us your full support and cooperation. Help Kentucky's national reputation for highway safety by driving more carefully.

563 DEATHS in 1945

TRAFFIC accidents in Kentucky in 1945 cost the lives of 563 persons — 568 have already been killed through October this year, an increase of 30% over same period of 1945. Too many motorists drive too fast . . . drive while drinking . . . pass on the crest of hills or otherwise violate laws for safe driving. Sooner or later the law of percentage takes its toll. Think seriously about this. Apply the "Golden Rule" to YOUR driving to make highways safer.
