IN THE LAST 12 YEARS WE HAVE PAID \$25,294,340

IN SALARIES AND WAGES TO OUR EMPLOYEES ... And they in turn spent most of it locally. And that's a retail dollar is said to "turn over" about 10 times, these 25 million produced a tremendous spending power in Kentucky.

BUT THAT'S ONLY A SMALL PART OF THE STORY!

During the same 12 years ... We paid \$20,457,092.61 in taxes—Federal, \$11,412,090.85; City-County-Schools, \$6,607,143.87; State, \$2,437,857.39. We bought 2,979,320 tons of Kentucky coal, enough to give 2,363 miners a year's work. This coal filled 59,587 cars, insuring many weeks' employment for railroad workers.

These figures are published in the interest of Kentucky's industry—to show what one industry is worth to our state. Multiple these sums by the thousands of businesses, many larger, the majority smaller, and you will see why all our tax-paying, job-providing, business-managed industry in Kentucky should be fairly treated and encouraged. For all Kentucky citizens—spanning industry means growing prosperity. KENTUCKY UTILITIES COMPANY INCORPORATED THE MORE YOU USE ME THE LOWER MY HOURLY WAGE
