

**Kentucky Utilities Co. Announces \$47,800,000 10-Year Building Program**

Plans for a gigantic 10-year building program, costing \$47,800,000, to expand and improve power facilities in the 50 counties served by Kentucky Utilities Company were announced today by R. M. Ward, company president.

One of the important goals of the new building program, which is expected to bring K. U.'s present power plants and generating capacity to a new 66,000-kilowatt level, is to increase the company's generating capacity to 235,000 kilowatts. This will be accomplished by the installation of a second 30,000-kilowatt generating unit at each of the company's present power plants. The new units will be installed in the following order:

- 1. The new generating unit at the Kentucky River plant, which is expected to be completed in 1948.
- 2. The new generating unit at the Paducah plant, which is expected to be completed in 1949.
- 3. The new generating unit at the Paducah plant, which is expected to be completed in 1950.
- 4. The new generating unit at the Paducah plant, which is expected to be completed in 1951.
- 5. The new generating unit at the Paducah plant, which is expected to be completed in 1952.

### What's Happy about a Hospital?

Frankly, not much.  
Not for a veteran who comes home to be long months in pain. Not even during those up-and-about weeks that seem like a tedious lifeline.  
Some things help, though. Things your Red Cross does. Recreation, hobby fun, work with the hands—these help. Advice on family problems and anxieties—that helps. Assistance with claims for government benefits, pension adjustments, job guidance, family aid—that helps.  
The American Red Cross does it—with your help. Give—a gift all you can.

**GIVE—so your RED CROSS can carry on!**

**The Red Cross**  
ALTHOUGH the war is over, we still have nearly a million men in uniform, in training in the United States, as occupation forces in Europe and Japan, as security troops and technicians in out-of-the-way places throughout the world. They need the Red Cross.  
Thousands of once sound fighting men lie in our hospitals and veterans facilities. They need the Red Cross. Floods, fires, epidemics and similar disasters strike them almost daily. They victims need the Red Cross. Those who need get. Those who can give.
