Church NEWS

CHRISTIAN CHURCH

The Rev. J. J. Whitehouse, Pittsburgh, Pa., will preach at 10:30 a. m. Sunday in the Carlisle Christian church. Mr. Whitehouse is a former minister of this church. The public is invited to attend the service.

PRESBYTERIAN CHURCH
Rev. W. L. Smith, Pastor

Anniversary sermon will be preached Sunday upon a text taken from Phil. 3:14. Sermon subject "I Press On." No evening service will be held on account of the young people's rally to be held at the Paris Presbyterian church.

BAPTIST CHURCH
Rev. Ira McMillen, Pastor

Sunday will be observed as Rally Day in the Sunday School with a special effort being put forth to have all those enrolled in the school present upon this day. Visitors and others who are not active members of any class will be most welcome. If you have not been attending Sunday School but have planned to start, Rally Day, the first Sunday in September will be a good time to begin. Sunday School begins promptly at 9:30 a.m., followed by the worship service at 10:45 a. m. The pastor will preach on the subject, "The Secret of Successful Building."

Next Sunday a welcome service for the Rev. J. G. Carr, new pastor of the Carlisle Methodist church, will be held at the Methodist church at 7:30 p. m., September 8.

Nicholas County Board Of Education Reports

TUITION

1. What are the duties of a County Board of Education in regard to high school?

Answer: Section 158:100 provides that, "An approved high school service for all children of high school grade under 21 residing in the county district shall be provided for either by maintaining the schools within the county or by contract with an independent district within the county."

2. Is it better for a county board to maintain or contract for high school service?

Answer: Almost without exception, it is better to maintain a county high school. A county board should authorize the course of study and be responsible for the program prescribed for its high school pupils.

3. *If a board pays tuition, from what source does it get its money for paying tuition?*

Answer: Tuition must be paid entirely from county tax money.

4. Do not counties receive money from the state for each child which constitutes a per capita fund? Can per capita money of state money be used for paying tuition?

Answer: Section 157.020 states, "No part of State common school fund or the revenue therefrom shall be trifused to school district shall be used for any purpose other than the payment of the teachers of the common schools legally qualified and employed." Per capita money must be paid to teachers and cannot be spent for tuition.

5. What is the chief source of money for teacher's salaries?

Answer: The chief source of money for teacher's salaries is from the state of Kentucky.

6. Nicholas county receives over $33,000 from the State of Kentucky. Suppose all of the pupils except 25 were sent to other districts and tuition was paid for them. Where would the money come from for tuition and what would become of the $33,000 paid to Nicholas county by the State of Kentucky?

Answer: The $33,000, by section 157.020 would go to each teacher who would in the county children remaining in the county because the law says School fund or the Common School fund apportioned distributed to school districts shall be used for no purpose other than the payment of the teachers of the common school legally qualified and employed."

7. Is it ever justifiable to pay tuition?

Answer: Yes, if the number is small for which tuition is paid. If the number is large, the burden becomes too great for the local tax payer, or instruction must be provided for at a loss by the district providing the instruction. Either is a bad situation.

8. Over a period of years, what would be the outcome if Nicholas county paid tuition rather than maintained a system of county schools?

Answer: As the State school fund is increased, teachers salaries must be increased. Tuition would, and should, be expected to increase. Either Nicholas county people would have to pay more taxes for tuition or the district furnishing the instruction would be imposed upon, which is unfair to its children.

STATEMENT

The Nicholas County Board of Education, after studying the high school program, recognizes that as instruction costs increase, tuition rates must increase. The county receives the larger part of its money from the state for instruction. It is impossible, by law, to spend State Money for tuition. Therefore, an increase in the cost of tuition must be paid from local funds. A further confusion of the board is, that over a period of years, that high school program can be enhanced by maintaining and supporting a system of county high schools.

1. A broader program.

2. It is cheaper on the taxpayers to maintain one school than to maintain a school for part of the pupils and pay tuition for a part.

3. A county wide program provides the same rating for all county pupils, which is fair.

4. A county wide program is the most fair program to the taxpayers, to the county districts and to the independent districts located therein.

MERGING OF DISTRICTS

1. Does either school system in Nicholas County have a building or facilities which would provide adequate housing for all the high school pupils in Nicholas County?

Answer: The Nicholas County Board of Education does not have adequate facilities for all pupils of both districts. The Nicholas County Board of Education has adequate facilities to take care of its own pupils under present emergency conditions. The board has the most modern equipment for training farm youth for a well balanced life on the farm. *It is also well prepared to offer excellent training in commercial courses,* home economics, and college preparatory courses. We do not think either district has adequate facilities for all.

2. Would there be any saving to the taxpayers to merge and operate together with present facilities?

Answer: Indications are that the cost of operating the Nicholas County Schools and the independent schools together would be practically the same or slightly greater than he present separate cost of operation. Should a single board attempt to conduct the schools and offer identical programs in two separate high schools, no doubt, the cost of operation would be greater. After examining the budget of the independent school, no items were found that would be reduced to any extent. Indications are that teachers salaries would have to be increased to maintain a slary schedule equal to that of the county.

The salary schedule for the county provides for $110.00 basal salary, 22c per dollar hour, and $2.00 per year for experience for a maximum of 5 years.

The city schedule provides for a basal salary of $114.00, 25c per college hour, and $1.00 for experience for a maximum of 5 years.

A teacher with an AB degree, or 128 hours, and five years experience would receive the following salary:

	Nicholas Co.	City
Basal Salary	$110.00	$114.00
Training	44.00	25.60
Experience	10.00	25.00
	$164.80	$145.10

A beginning teacher with 6s hours training and experience would receive as follows:

	Nicholas Co.	City
Basal Salary	$110.00	$114.00
Training	22.40	12.80
Experience	00.00	00.00
	$132.40	$127.30

3. What are the present tax rates of the two district?

Answer: The Nicholas County district has a rate of $1.20 which includes 20c for a building fund. The independent district has a rate of $1.50 which includes 10c for a sinking fund.

4. What was the indebtedness of each district on June 30, 1947?

Answer: Nicholas County Debt —$35,000.00; Independent Debt—$23,000.00.

5. When will each district be a out of debt if each district proposes its present schedule of retiring its debt?

Nicholas County—1957; Independent—1964.

6. Can either district levy a greater tax on personal property under existing laws?

Answer: The independent district is now levying the maximum general property which is a total of $1.50 for all purposes. The Nicholas County district now has a levy of $1.20 for all purposes which is 30c less than the maximum.

7. What is the assessed valuation of general property of each district and what does each district produce under present rates?

Answer: The assessed valuation of Nicholas County according to the report is $6,113,190.00 and produces $73,418.28. The assessed valuation of the independent district, according to its budget, is $1,637,405.00 and produces $24,561.07.

8. If the two districts should merge and it become necessary to have more money to operate a larger program, whose general property tax rate could be increased and what would be the increase?

Answer: Nicholas County General Property tax rate could be increased 30c. The independent general property rate is already the maximum and could not be increased. It would be necessary to raise the county taxes to $1.50 or raise them to a rate between $1.20 and $1.50. A rate at any figure between $1.20 and $1.50 would be a decrease for the county and a decrease for the city.

9. Does the present rate of $1.20 for Nicholas County, provide for a building fund for the county schools?

Answer: Yes, on March 20, 1947, the levy was made for that purpose.

10. Was the levy, made on March 20, 1947, sufficient to amortize a debt for a county high school?

Answer: Yes, the levy, together with the saving on tuition, will produce enough revenue to construct a high school when such becomes practicable for Nicholas county.

11. What are the advantages of a building fund?

Answer: It designates money which must be spent for a definite purpose and is a systematic way of business like manner for acquiring better facilities.

12. Would it be possible to merge the 30c tax and still have no building program?

Answer: Yes, the law permits the levying of $1.50 in all districts. The law does not require a building fund and many districts have levied $1.50 with no provision whatsoever for building. Such districts must cut some phase of their program when it is decided that a building is needed.

STATEMENT

The Nicholas County Board of Education has studied the merging of the two districts and has completed a budget for 1947-48 as adopted on March 28, 1947, can be done on a tax rate of $1.20 which is exactly le under the State Laws for county districts in Kentucky.

BUILDING COSTS

1. What are the present costs are low. Most boards of education are now planning their program. Below are figures taken from two leading firms of architects in Kentucky.

1 Building for City of Lexington	$800,000
1 Buildings for City of Danville	225,000
1 Buildings for City of Paris	450,000
1 Buildings for Henry County	135,000
1 Buildings for City of Frankfort	750,000
1 Buildings for City of Versailles	225,000
1 Buildings for City of Georgetown	90,000
1 Building for City of Midway	105,000
1 Buildings for Shelby County	30,000
1 Buildings for City of Carrollton	60,000
1 Buildings for Fayette County	1,500,000
1 Building for Clark County	143,000
1 Buildings for City of Winchester	275,000
1 Buildings for Ky. School for Deaf, Danville	160,000
1 Buildings for Ky. Industrial College, Frankfort	190,000
1 Building for City of Marion	25,000
1 Building for City of Eminence	22,000
1 Building for City of Wood County	140,000
1 Building for City of Louisville	45,000
1 Building for City of Catlettsburg	40,000
1 Building for City of Lawrenceburg	14,000
1 Building for City of Maysville	131,000
2 Buildings For Georgetown College, Georgetown	258,000
2 Buildings for Eastern St. Normal School, Richmond	47,000
1 Building for North Middletown, Bourbon County	85,000
1 Building for North Middletown, Bourbon County	104,500
Nicholas County District now has	300,000
Building for Mr. Oliver, Robertson County	150,000
Building for Martin (Colored)	20,000
Building for City of Elizabethtown	30,000

4. The Nicholas County Board is not willing to merge under conditions that would allow the county district to be controlled by a board represented equally by the county and city district. Past efforts have indicated the impossibility of such a board functioning.

5. The Nicholas County Board is and will maintain a building program for the high school pupils of Nicholas County building

6. A budget for 1947-48 as adopted on March 28, 1947, can be done on a tax rate of $1.20 which is exactly le under the State Laws for county districts in Kentucky.

BUILDING COSTS

1. What are the present costs are low. Most boards of education are now planning their program. Below are figures taken from two leading firms of architects in Kentucky.

Nicholas county people should maintain good schools.

LICKING

By Mrs. Alma Price

Mr. and Mrs. Glenn Howard of Washington visited Mr. and Mrs. John Standiford Wednesday. John Standiford and daughter, Catherine are visiting the Howards for a few days.

Mr. and Mrs. Albert Moran of Banta visited Mr. and Mrs. Otha Moran Friday.

Mr. and Mrs. Omer Curis of Sugarcreek visited Mr. and Mrs. G. O. Curtis Sunday.

Mr. and Mrs. Joe V. Price had as Sunday guests: Mr. and Mrs. Clarence Price and son, Bobbie.

Mr. and Mrs. Otha Moran visited Mrs. Ida Dayton, Carlisle Saturday afternoon.

Little Dickie"-Moran, Banta, is spending the week with his grandparents, Mr. and Mrs. Otha Moran.

Mrs. Gertrude Helphenstein is on our sick list.

Mrs. Forest Hunt of Fairview is visiting Mrs. S. K. Standiford.

"Man" is the subject of the Lesson-Sermon which will be read in all Christian Science churches throughout the world on Sunday. The Golden Text is: "God said, Let us make man in our image, after our likeness" (Gen. 1:26).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Know ye that the Lord he is God: it is he that hath made us, and not we ourselves; we are his people, and the sheep of his pasture." (Ps. 100:3).

Th Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Man. The compound idea of infinite Spirit, the spiritual image and likeness of God. the full representation of Mind." (P 591).

MYERS

By Rena Crawford

Mr. and Mrs. Dr. T. Crawford and daughter were in Paris Friday.

Mrs. Bettie Jane Hogg spent the weekend with Mr. and Mrs. Willie Duncan near Carlisle.

Mr. and Mrs. T. Davis and Mr. and Mrs. Mark Florea visited Mr. and Mrs. Lacy Georgia Smith Sunday.

Mrs. George Barnett of Louisville is visiting her sister, Mrs. Fannie Barnett.
