Get Top Performance from your Perfection Oil Range

OFTEN, all you need to restore original burner efficiency to your Perfection oil range, is a new chimney to replace your worn-out old one. To get the

best performance check the flame spreader, wick tubes, collars, wicks and mica. Replac all damaged, clogged, rusted or worn-out parts with Perfection Replacements. That's how to make sure you're getting the most heat from the low-cost kerosene you burn. Whatever
