Ring Out the Old; Ring in the New
The city which is rapidly drawing to a close, has been good to Carlisle last Christmas. We are apt to look of the constructive improvements which have been made if we take the time to look back at the year that has just passed.

Just to mention a few of the accomplishments:
The establishment of the Giffin Manufacturing year with its substantial expansion for the coming year. This company, manufacturing of shorts, in Carlisle, is a new plant. Its presence has been beneficial either directly or indirectly to some individuals in the county.

The introduction of a juvenile effort which Lorne Giff, president and general manager of the program plans to name, Carlisle and Nicholas county. This is the first of its kind in the nation.

On our surface, that may appear to be wishful thinking. However, the Mercury has been good to Carlisle in the past. We have had the installation of the physical appearance of the City of Carlisle on Walnut street. No single project more beneficial as this will prove not only to the owners of the property but also to the community which will benefit from the installation of this street.

The greatest improvement made in the physical appearance of the City of Carlisle on Walnut street. No single project more beneficial as this will prove not only to the owners of the property but also to the community which will benefit from the installation of this street.

There are only a few of the progressive steps which within the past year have taken the mention of only these.

\$130,761 Recapitulation Shows First Year Decrease Over Last Year

The total value of all property in Nicholas county for the year ending December 31, 1948, was \$130,761, a decrease of \$130,761 over last year.

The decrease is due to a number of factors, including a drop in the value of land and improvements.

The county clerk, J. B. ... has reported that the decrease is due to a number of factors, including a drop in the value of land and improvements.
