## Grand Jury's Report Commended

Court observers declare that the list of recommendations filed by members of the Nicholas county grand jury for the February 17-18 session was one of the most detailed documents that has been filed by such a body in several years.

These recommendations are incorporated in a story which appears on the front page of the Mercury this week. We are in hearty accord with the grand jury's recommendation that the grand jury be the first one to have a full-time salary.

There is no one to be paid for attending the present management look-over this newspaper on Jan. 1, 1947.

It is more than likely that succeeding grand juries will be acting according to the example set by the Nicholas county grand jury.

These 12 men inspected the county's buildings and found that they were not being maintained in the best manner.
