HERE'S HOW TO MAKE YOUR HOUSE EASY ON THE EYES

Use Granioloid... the self-levelling outside house paint that spreads easily, covers thoroughly and dries quickly into a smooth, durable, lustrous finish that makes the oldest house look just like new... a finish that lasts for years. Kurfees Granioloid House Paint is by far the most economical we know of.

KURFEES 2-COAT METHOD
 First, apply Kurfees Primerol, the outside primer that completely fills, seals and covers every pore... that completely fills, seals and covers every pore... the highly important foundation for a real paint job. Second, use Kurfees Granioloid House Paint for full protection and lasting beauty. Threecoat results with only two coats... Color charts and full particulars free to all! Drop in today!

THANKS MOM, For Just Being You

What can anyone say that will actually express each one's feeling about Mother? Can just plain words tell Mom what a "great guy" she is and always has been? No, the real feelings toward her are in each one's heart and memories.

We remember many of the little things that to Mother were just routine. We remember the love and care and guidance she just naturally gave us. We remember, as the years went by, what a consolation it was to have Mom in there "pitchin' for us," ready to give advice whenever and wherever it was needed. Looking back we know that our

joys and sorrows were hers too... that our being happy made her happy and that her words made our sorrows not quite as bad as we thought they were.

No, there is no one who will ever be able to write a fitting tribute to Mother. From the crib to the high-chair, from our first school days to graduation; and from the first time we were "on our own" to the present, we know that Mother is right behind us ready to help and guide. She doesn't want praise; and any praises we could give would not be enough. She'll know just how we feel if each of us says, "Thanks, Mom, for just being you."

Knowing the big part, too, that mothers play in the life of our community and their influence in making it a better place in which to live, work, and raise their families, we, the firms and individuals below are happy to pay tribute to the wonderful mothers in our fine community.

WE'VE GOT 37,000 KIDS IN SCHOOL
 —Reddy Kilowatt
 Your Electric Assistant

AND we are just as proud as a peacock of every one of them. Proud to do more than just supply dependable, low cost electric service in 72 counties in Kentucky. Proud to carry our share of the educational program.

We've always tried to take our citizenship obligations seriously. But we didn't realize how serious an undertaking it was—this business of operating an electric system in our state—until we learned that the \$405,000* we paid in direct school taxes in 1947 was enough to educate 37,000 elementary and high school children. We admit we got a thrill out of the discovery.

That's a lot of kids to be responsible for. And, to our way of thinking, there's never been a kid yet who did not deserve more than he got.

We've designed happy to help. There'll be a time when some of these boys and girls will be helping to run our company.

*The amount K. U.'s total tax bill, by way means. The total—federal, state, and local, amounted to \$2,311,000.00.

POWER 3 WAYS with the UNIVERSAL 'Jeep'

PULLING POWER
 The 4-wheel-drive Universal "Jeep" operates on or off the road as tractor or tow truck—pulls braked loads of 5,500 lbs., with reserve for steep grades and heavy going. Choice of six forward speeds gives correct gear ratio for every load and road condition.

HAULING POWER
 The 4-wheel-drive Universal "Jeep" is unsurpassed for rugged, off-the-road service and tough hauling jobs that require maximum traction and maneuverability. It needs no road, but gets men and tools through to hard-to-reach places where conventional vehicles cannot go.

PORTABLE POWER
 The Universal "Jeep" takes power wherever you need it, with optional power-take-off that delivers up to 30 hp for on-the-job operation of all kinds of equipment, including welders, air compressors, generators, pumps, buzz saws and paint sprayers.
