No Mud, Just Feet of Clay

There was very little personal meddling in the 1948 presidential election, and practically none of the undercurrent rumors which insinuate grave error and life and death proceedings, representative as these warnings may be in principle. And to find the campaign which is the most earnest in this fashion, we must look to the Democratic side of the ticket.

Imprecable Wildlife

Wildlife is rapidly exterminating in the 14,000,000 acres in the Continental United States. Now only a few pitifully small areas are left.

Clennis's Comment

It is well known that the "Clennis" family has been so successful in the past that it has been able to buy up a large amount of land in the Kentucky mountains.
