AN ANNOUNCEMENT

It was not my intention to be a candidate for the Board of Education for next term, but, so many of my friends have asked me to announce for re-election that I have decided to do so.

As I will be very busy tuning pianos this fall, I will have very little time for electioneering, so I am stating my position very briefly, but I hope very clearly here.

It is some what of a forgotten idea, but I believe, and always have that schools are supposed to be run, first of all, for the benefit of the children; and everything that I have done since becoming a board member has been done in accordance with this belief. It is also my firm conviction that a child living in a rural section of Nicholas County is just as good, and deserves just as good a school and as good an opportunity to secure an education, as one living on the main street of any town or city. I have especially been concerned about the welfare of those living in remote sections who have carried a lantern and walked a long distance over rough roads to catch a school bus to obtain an education.

I have been a member of the board for eight years, and each of my actions during that period has been taken to improve the program of the Nicholas County School System. During that time many improvements have been made in both the elementary and high school grades. Our county High School has come from a high school with a "B" rating and an enrollment that barely met accrediting requirements to a high school with an "A" rating and an industrial enrollment. One of the best farm shops in Kentucky, a cannery, home economics department, lunch program, and a model Veteran's training program have been added to the school. I am proud to have been a member of the board during these accomplishments.

I have never had any desire, nor will I ever have, to damage or interfer with any other school system any where. On the contrary, it is an undisputable and undeniable fact and a matter of record that I have been and still am willing to cooperate to the fullest with any other school system in accordance with a plan worked out by the Kentucky Department of Education.

If you believe in your children, and are really interested in their future, and want them to have as good a school program as other children, then, I respectfully ask for me, but if you do not, then, by all means, vote for somebody else. I intend, if elected to put the children in the rural sections of Nicholas County and their interest first in everything I do. Reynolds Gaunce.—Political advertisement.

Local Agencies To Aid In Soil Conservation

Nicholas county farmers today were urged to sign up now and attend a one-day soil conservation demonstration which will be held September 24 on the farm of Glenn T. Brown, Elizaville in Fleming county.

This reminder came from Alton Rose, chairman of the Nicholas County Soil Conservation District Board of Supervisors. Rose said that all farmers in the county were extended an invitation to attend the forthcoming demonstration.

The practices which will be established on the Brown farm are the following: Use of contour cultivation, improved rotation, woodland improvement, construction of farm pond and construction of terraces, establishment of alfalfa, fencing, pasture improvement, fertilizing and liming.

Rose said that aside from establishing these practices include twelve wheel tractors, crawler-tractors, and tri-purpose graders. These will be supplemented by additional equipment provided by local dealers.

All agricultural agencies in Nicholas county are cooperating in the field day to make it an outstanding demonstration and a complete farm conservation program based on sound land use, Rose said.

Local dealers and governing bodies who are cooperating in the demonstration, listed by Rose, follow: Harper's Garage, Cole Hardware, Bunton's Garage, Stanley Galbraith and Son, Standard Oil Company, Clay's Service Station, and Nicholas county fiscal court, stating each Thursday in the week as long as volume is sufficient to keep it open, Leonard said.

HUTCHINGS TO REVIEW COMMUNITY CHEST PLANS

A second of a series of discussions concerning a Community Chest and its value to a city will be presented tonight by Dr. S. F. Hutchings before the Carlisle Rotary club. This topic was first introduced before the club some months ago by Dr. Hutchings and his findings since that time will be outlined in his talk tonight.

Another program on this same topic has been arranged for October 14 under the direction of Dr. G. T. Cowan and will have its climax in an open forum among members of the club on October 21.

Motion picture films taken on the tobacco and soils and pastures tours last summer by Everett M. Smith were presented before local Rotarians last week under the direction of Walter Wyrick and G. E. Duncan. William T. Straw, county extension agent, who made both tours, handled narration of the films.

REV. SMITH IS ELECTED ASSOCIATION PRESIDENT

The Rev. W. L. Smith, pastor of the Carlisle Presbyterian church, is new president of the Carlisle Ministerial association. Mr. Smith was elected to office at a meeting of the association held at Carlisle Methodist church Saturday.

Other officers elected by the group were:

The Rev. J. J. Whitehouse, minister Carlisle Christian church, vice president, and the Rev. J. G. Carr, pastor of the Carlisle Methodist church, secretary-treasurer.

Beginning Sunday, October 3, evening services will be held at 7 o'clock, the association agreed. The association also voted to continue its sponsorship of the Cub Scout program and will sponsor Union Services within the city for special occasions during the year.

The association urged the people of the community to renew their interest and support of the church of their choice.

Attention Water Consumers

Dear Patron:

Owing to the continued drought and the water supply shortage it will be necessary that the water be used for sprinkling and garden sprinkling be discontinued.

Patrons are asked to observe these restrictions to the letter.

The continued use of water for the above purposes will necessitate the discontinuance of water service.

Very truly yours,
Water Works Committee,
City of Carlisle, Ky.

Also

1-Acre Tract located within limits of Bartersville. This tract has two never-failing wells upon premises.

Prospective buyers may contact Mrs. C. V. Snapp, Jenkins, Ky., or see Berlin Snapp, Bartersville.

Athletic Contest Will Be Feature Of County's 11th Annual Youth Fair

Prizes totaling approximately $30 will be awarded winners in an athletic contest held in connection with the 11th annual Nicholas County Youth Fair October 8-9.

The contests will get under way at 9:30 a. m. Friday, October 8.

All entries in the contest must be enrolled in a Nicholas county school or the Carlisle City school.

No entry may participate in more than two events. Entries of each school must be submitted to the office of William T. Straw, county agent, by Thursday, October 7. Each school is limited to one entry in each event.

The following events are scheduled:

50-yard dash, girls under nine; 50-yard dash, boys under nine; 50-yard dash, girls nine to 12; 50-yard dash, boys nine to 12; 50-yard dash, girls over 12; 100-yard dash, boys any age; running broad jump, boys any age; standing three consecutive jumps, girls any age; three-legged race, girls and boys; football throw, for distance, boys any age; shot put, for distance, boys any age; relay race, girls any age; relay race, boys any age.

Ribbons, remains and third places in these events carry prizes of $3, 75 and 50 cents.

REAL ESTATE SALES

James Bellamy has purchased a farm on Hwy. 68 from the Nichols Bald Hill road from Marion Anderson. Possession will be given March 1, 1949.

Charles Galbraith and Jim Galbraith have purchased a house and two acres of land located on the old Mt. Olivet road from Guy Bell. Immediate possession was given. This home, better known as the Heres home, at one time recently was purchased Bell from Mr. and Mrs. Hayes Harbison at public auction.

Both transactions were handled by the Tightmaster Real Estate Agency.

Charles R. King has purchased from Bruce Jones the home place better known as the Holmes house on A. B. Shouse. Shouse purchased the property from Mr. King when he was conducting by the West Hall Realty company.

Charles Kenton and wife to Joe J. Burden, Maxwell E. Burden and Ida Burden, all of Kingston, Licking river, Stamps $8.80.

W. E. Piper and wife to Carlisle Cemetery company, small tract of land adjoining cemetery. Stamps 55 cents.

LIGHTNING STRIKES THRICE

Lightning destroyed a large tobacco rick containing 575 bales and a 20-ton hay rick on the Clarence Clark farm on the farm of B. C. Clark, Route 2, Carlisle, during the severe electrical storm of Monday afternoon.

A large tree in Clark's yard also was struck by lightning, the bolt splitting the tree and leaving only a fuse, tearing out a switch and an outlet in the basement where it put an electric power line out.

Clark said that it was the third time this year that lightning has entered the home.

Robertson Crash Fatal For Four

Three Robertson county men were killed, a fourth fatally injured and a sixth, remains in an automobile crash between Mt. Olivet and Sardis late Saturday night.

The dead are Neville Mullikin, 32, Mt. Olivet; James P. Stoker, 25, and his brother, Joseph Stoker, both of Piqua; Charles King, 18, of Sardis.

Richard Clay, 17, Maysville, Bracken county, remains in a serious condition at Hayswood hospital, Maysville.

The crash occurred at 10:45 p. m. two and one-half miles west of Sardis on Highway 62. Clay left the road or a curve, and skidded into a large tree, shearing off part of the top, three witnesses said.

The crash awakened Claude Berry and his wife, who live near the scene. Berry said Joseph Stoker and Mullikin were pinned in the car and that Joseph Stoker and King were in the front seat with the driver, Clay. Berry summoned a physician and a funeral director from Mt. Olivet.

Mrs. Oliver Hall of Maysville said Clay, her brother had been driving the car. He kept pushing on his companions and went to Mt. Olivet, then to Sardis. The accident occurred on the return trip from Sardis.

'Phone Workers Plan Meet In Paris Today

All Carlisle telephone workers have been asked to attend a dinner meeting in Paris today of Local 326, Communication Workers of America, Chairman George Inskeep has announced.

The Communications Workers local represents a unit of the staff of the Bell System's employees. Carlisle members number about 10. Inskeep said the meeting is being called "to seek ways and means of attracting the attention of the public to the unfair treatment telephone workers are receiving without submitting the citizens of this community to the inconvenience of a strike."

The purpose of today's meeting, Inskeep said, is to report to the telephone workers and their families on the wage negotiations now in progress between the representatives Workers of America and the Southern Bell Telephone and Telegraph company.

Newsboys were first used in 1761.

Draft Board Moves Into New Location

Selective Service Board No. 77 has moved from the Nicholas county court room to new quarters on the second floor of the Carlisle building, Mrs. Hallye Griffin, clerk, today announced.

Members of the local board, W. T. Atkinson, Howard Colliver and Elva R. Kendall will hold their first regular meeting on Friday afternoon.

Beginning Monday afternoon questionnaires will be mailed out daily to registrants. These questionnaires, Mrs. Griffin said, are to be filled out by the registrant in his own handwriting, at the register's office. If aid is needed in this capacity the board has appointed J. B. Osborne, Roger O. Womack, Charles Cox, Judge Walter Shepherd, John F. Sugg, county clerk; and members of the Veterans of Foreign Wars and American Legion to assist in this capacity.

To date only 476 men have registered. This total is 176 short of estimates made by state headquarters.

Miss Griffin said veterans seem to have the mistaken idea that they do not have to register if they have had over 90 days of service. All veterans 18 through 25 years of age must register regardless of time spent in service. All registrants and veterans are urged to register on or before September 30.

COOPER WILL SPEAK IN CARLISLE FRIDAY

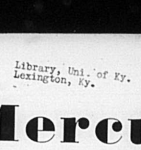
Senator John Sherman Cooper, Somerset, will speak at 2:30 p. m. Friday at the Nicholas county courthouse in the interest of his reelection to the United States Senate, members of the Nicholas county Republican Campaign Committee have announced.

PARIS RESIDENT SAYS HE HAS 'OLDEST COIN'

T. H. McCord, 750 Henderson street, Paris, former resident of Nicholas county, challenges anyone to bring forth a coin older than the one minted 228 years ago which he has in his possession.

The coin, a Spanish silver piece, approximately the size of a dime, bears the date 1720.

McCord said he found the coin while making some repairs on the old log cabin located near the concrete bridge over Stoner creek in Paris. At the same time he also found a gold piece the size of a quarter which bears the picture of President Benjamin Harrison on one side and a log cabin on the other.



CARLISLE'S KITTEN — Emery Lee Jr., son of Mr. and Mrs. Emery Clark, Saturday afternoon got his first taste of collegiate football when the University of Kentucky Kittens defeated the Bally Volo of the University of Tennessee 7-0. Local football fans, who journeyed from Carlisle to see the game, said that Clark showed well on offense and that his defensive work was especially good. The Kittens will meet two more opponents this year, Vanderbilt and Alabama. Both remaining contests will be played away from home. (Herald-Leader mat)

Robertson Crash Fatal For Four

Three Robertson county men were killed, a fourth fatally injured and a sixth, remains in an automobile crash between Mt. Olivet and Sardis late Saturday night.

The dead are Neville Mullikin, 32, Mt. Olivet; James P. Stoker, 25, and his brother, Joseph Stoker, both of Piqua; Charles King, 18, of Sardis.

Richard Clay, 17, Maysville, Bracken county, remains in a serious condition at Hayswood hospital, Maysville.

The crash occurred at 10:45 p. m. two and one-half miles west of Sardis on Highway 62. Clay left the road or a curve, and skidded into a large tree, shearing off part of the top, three witnesses said.

The crash awakened Claude Berry and his wife, who live near the scene. Berry said Joseph Stoker and Mullikin were pinned in the car and that Joseph Stoker and King were in the front seat with the driver, Clay. Berry summoned a physician and a funeral director from Mt. Olivet.

Mrs. Oliver Hall of Maysville said Clay, her brother had been driving the car. He kept pushing on his companions and went to Mt. Olivet, then to Sardis. The accident occurred on the return trip from Sardis.

Musketeers Favored Over Stanford; Local Eleven Bows To Paris 24-12

A real tussle is in store for local football fans when the Musketeers of Lucky High school tangle here with the Stanford Wildcats Friday night. Although the Green and White team was defeated last week the youngsters show that they have the real fighting contact and when the heat is on they really can get going.

Stanford last week was forced to bow in defeat to Winchester 36-0.

The odds are riding with the Musketeers and their play of last week is indicative of a good scrap when the local lads face the Lincoln county team in the renewal of a gridiron rivalry which was originated when Joe T. Embry, now superintendent of Stanford High, was coaching the Musketeer eleven.

The Paris Greyhounds capitalized on the breaks Friday night and with "Lady Luck" riding with them moved into a tie with Cynthiana for the Central Kentucky Conference leadership when they won a 24-12 victory over the Musketeers.

The invading Greyhounds made their first two scores in the opening quarter. The first touchdown was made when Hennessey intercepted a pass on the Carlisle 28-yard line. The ball was handed to Dearing, who skirted his right end to score. Smith failed to make the extra point on a rushing end run.

The second marker came after Hall recovered a Carlisle fumble on the Musketeers' 33-yard line. Fryman toted the ball for a two yard gain and then Hennessey raced to Shriver who made a 15-yard scoring gain. Humphries conversion kick was blocked.

Hennessey dropped a pass to Thompson for the third score of the game in the second quarter, boosting the score 18-0 for Paris.

Carlisle found itself at this point and in fine playa moved the ball down the field. Peters, Musketeer fullback, hit off tackle for the Musketeers' first score, altering the score 18-6. A pass play for conversion failed.

A revitalized Green and White team came through to score again in the third quarter by ground-gaining plays on the part of the backs. The touchdown was made by Campbell bringing the score to 18-12.

Paris made its final score of the game in the waning minutes of the fourth quarter when Hennessey intercepted a pass and Musketeers snagged three Paris passes, while the Greyhounds were only able to intercept one of the local tosses.

Although the Musketeers started slowly, the youngsters gained alertness as the game progressed and at times displayed unusual "rolling" technique in their ending plays. The Green and White team made five first downs to three for the visitors.

New County High School Bids Made; Lowest $267,116

The lowest combination of bids for erecting and furnishing the new Nicholas County High school opened Saturday by the Nicholas county fiscal court totaled approximately $267,116.

Bids on the complete job ranged from $296,413 down to $284,867.

By combining bids submitted for the general construction, plumbing, heating and electrical wiring and making certain eliminations in furnishing the low bid totals were $252,389.

However, on advice of the architect, certain alternates amounting to $14,727 were retained which brought the total of the low bids to $267,116.

Tabulation of the low bids follow:

For general construction, brick work, etc., Robert D. Short, Lexington, $217,407; plumbing, G. C. Wagoner, Lexington, $24,150; heating, Wyatt & Wheeler, Lexington, $21,437; electrical wiring, etc., Hignight Electric Company, Lexington, $10,194.

Raymond A. Wesley, secretary of the county board of education, said that all bidders submitted would be included in the job: portable bleachers, $2,468; asphalt tile floor, $2,844; Home Economics and Science equipment, $8,382; curtains and backdrops, $883; sinks for Home Economics and Science departments, $150.

The fiscal court has 60 days in which to accept or reject the low bid.

Other bids submitted for the complete job were McGraw Engineering company, Lexington, $289,400; Hyatt and Wheeler, Lexington, $296,413.

PARIS GRIDDER HURT

Fred Burns, 14-year-old son of Conley Burns, sustained shoulder injuries here Friday night in the football game between the Carlisle Musketeers and the Paris Greyhounds. He was brought to Johnson Memorial hospital for first aid following the accident.

In the year 105 paper making was invented in China.

REVIVAL LEADER—The Rev. J. G. Carr, pastor of the Carlisle Methodist church, will conduct all services in connection with a revival which the church will hold from September 27 through October 10. Two services will be held daily at the church except on Monday and Saturday. Morning services will begin at 10 o'clock and evening services will be held at 7:30 o'clock. H. M. Scott, Milan, Tenn., will be in charge of music.

Seven Candidates Seek School Board Posts

A total of six candidates, two in each district, are seeking election to the Nicholas County Board of Education at the forthcoming November 2 election. Only three seats on the board are to be filled.

Members of the election commission are H. T. Letton, George D. Scott Jr., and John W. Anderson.

Chapman To Open Senatorial Drive Saturday With Rally At Mt. Sterling

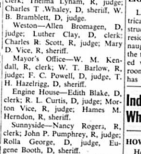
LOUISVILLE, Ky.—The Democratic candidate for United States Senator from Kentucky, Virgil Chapman, will open his campaign formally at Mt. Sterling Saturday.

Announcement of the opening rally in Chapman's campaign was made by Edward F. Seiller, Democratic state campaign chairman, who said Chapman would outline his campaign issues in a speech scheduled for 2 p. m.

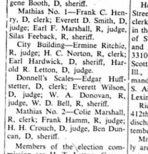
The Montgomery county committee in charge of the rally is headed by Jack Reynolds, who named J. W. Jones of North Middletown to introduce the candidate.

Reynolds said Governor Earle Clements would also be on the program and that guests would include Lieut. Gov. Lawrence Wetherby, other high State officials and campaign officers from various parts of Kentucky, together with Congressional and other candidates who make up the November Democratic ticket.

The Chapman opening rally comes just five days before President Harry S. Truman is to deliver a major campaign address in Louisville and make a number of train platform speeches in the state.

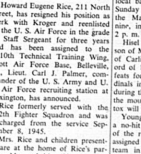


DO use arm signals to warn those behind that you intend to slow down, stop or turn. Bicyclists must follow rules of road just like motorists if 1947 bike death toll of 550 is to be cut.



DON'T carry passengers on the crossbar, handlebars or fender. Never break this rule, even for the best girl friend. Extra make bike hard to handle, is one of chief crack-up causes.

DON'T hitch to moving vehicles and cut loose. This is one of the most dangerous bike practices, many lives and brings countless injuries. You are in danger from every direction.



DO have a dependable headlight on front and clean reflector on rear for night riding. Risk goes up as sun goes down, so smart riders will have bike in garage by nightfall to be safe.

DON'T ride bike on sidewalk when there are pedestrians or playing children. Dismount and walk your bicycle around them.

NATIONAL SAFETY COUNCIL

Litigants Await Decision On School Bus Injunction

A suit seeking to nullify an order prohibiting county school buses from bringing Nicholas county students to the Carlisle High school today remained under advisement of Circuit Judge J. C. Dedman.

The judge, who heard the case here Friday at the circuit court room, told attorneys to submit briefs and said he would have a decision in the case within a few days.

Counsel for the county, A. H. Barker and William H. Conley argued that the County Board of Education has a right to say where county students shall go to school.

The plaintiffs, five county residents, argued through their attorney that county students have the right to ride the bus to any point they desire along a regular route. They said they were concerned only with three buses that pass through Carlisle enroute to Nicholas County High school headquarters.

Charles M. Cox, attorney for the plaintiffs, told the court that the transportation was taken away from the city school the city might abandon its high school.

He explained that Carlisle High school's present enrollment of 105 students includes those living county students and that if the enrollment should fall below 100 the county school would lose its rating.

"I feel that the city board of education will not insist upon maintaining a B grade school," Cox said.

The county board prohibited county students who intended entering the city schools to ride the buses.
