- Zoning of city for answering fire calls.
 Consolidation of city and county schools.
 Installation of natural gas lines.
 Extert lighted business district.
 - 8. An industry for employable males.

THURSDAY, DECEMBER 1, 1949

The Right To Speak

The mignit to speak

The great surpole of the United States is derived in no small part from the sharp position and the states of third followers. We do not recopier the non-states of the states of this states of the states of

though the was demonit as present to be the treatment of the common of the price be was forced to pay for telling the treat he be as it is the demand of Congress. He removed index much circumstance established a streatment of the control of the c

The Farm and The Electric Age

According to a recent survey, about 5,000-000 farms will be receiving electric service by the end of this year. And the value of the im-mediate maket for electrical appliances among these farm families is estimated at \$750,000,000.

Why Penalize Business?

Cliffer recently nat a desiral advocating regal of the social of "nature passes" which were regal of the social of "nature passes" which were regal of the social of "nature passes and the books. In part, at said, "White a weekle passes are regalled to the passes and the passes and the passes are regalled to the passes are regalled to passes and passes are regalled to the p

Is Your School Safe?

These are all-important questions, and they can't be casually answered off-hand. Many a supposedly safe school has become the smodern ing scene of a ghaulty tragedy. Every school should be subjected to a simple fire test which has been suggested by the National Board of Fire Underwiters. It goes like this:

1. Are the stairways protected by fire-resisting
