

Radioactive Materials
Fall to Benefit Crops
The Agricultural Experiment Station of the University of Kentucky has announced that it failed to get any beneficial results from the use of radioactive materials in growing tomatoes this year.

WHY WAIT?
WE HAVE THE FIRST SALE AFTER THE HOLIDAYS.
DELIVER NOW TO AVOID THE RUSH.
Sell on the largest, best lighted floor in Cynthiana and the smallest or largest grower gets the same personal attention.

Ghost Town Yields Atomic Treasure

James Singer of Stamping Ground told Scott County Agents H. S. Long that the European members of his crew produced in two this season. Last year he produced 115 bushels, the highest yield in the county's corn-growing area.

4885 Amy Suit, Hazardville
Peggy Ann Suit, Hazardville
In the county, there were 15 bushels of corn, and 15 bushels of wheat.

The old town of Carlew, Ohio, a silver mine site in 1820, produced this valuable opportunity to find out what happened to the town. The town was abandoned in 1820.
