Is it their last roll call?

This may be the last time.

An idea that only government is good pains trength. It calls such people stupid, selfish, erong, not to be trusted. Read out their names.

The settlers (remember Standish, Brad-ford, Boone, Clark?) who founded a nation in a wilderness. The stubborn believers, the misfits of Europe, all the minorities persecuted by powerful governments.

The civilian soldiers of America's wars, miserable but courageous, frightened but determined, who fought to prove that power couldn't rule them.

The statesmen (Lincoln was one) who

a giant fuel-burning electric power plant at New Johnsonville, Tennessee.

New Johnson tile, Tennesser.

It is more than one power plant that Cougress must consider. It's the precedent that
can allow government to take over all the
electric light and power businesses—and then
whatever other businesses State Socialism
calls for next. The men and women of business who industrial nation with the highest stand-ard of living in the world.

This advertisement is published by Kentucky Utilities Company one of America's tax-pasing, business-managed electric light and power companies, partly because the New Johnsonville project threat ens our business... and partly because it threatens other things closer to you—your business, your job, your future.

Today, it's a project to put the federal gov-rament directly into business—by building KENTUCKY UTILITIES COMPANY

The generations of people who created, tried and kept alive the idea that men are greater than nations, who learned that freedom must be defended from government power.

ment power.

Step by step, the things they lived for go.
As another "control" or two appears. As another hard-won freedom is bargained away
for an elusive "security."
