The Garden

By John S. Gardner, Kentucky College of Agriculture and Home Economics

While the above applies to the parts of the garden that are un- planted, it applies, too, to land perhaps more so to the portions where later summer crops are to be put...

By passing manure contracted from clothing more a year after the manure has been used...

Now having a fine soil surface the problem is to keep it fine, and this is done by cultivating...

Earlier in the season, hills and ridges had their value in getting the crop out of the water...

Many gardens were plowed too wet, so that was the only way sometimes, to get the plowing in time...

Now having a fine soil surface the problem is to keep it fine, and this is done by cultivating...

That's how government agencies are inching their way into the electric business. First, public funds were set aside to build dams...

Yes, the camel of State Socialism is creeping farther and farther into the tent of the electric business...

Like the camel and the tent. What business are you in? This can affect you, too. Write your Congressman about it.

SHOWER OR LATER—unless it's stopped, you will be here. Senator Joseph D. P. Mahoney (D-W.V.), conducting a one-man investigation...
