Get Down To Cases

### Advertising And Prices

An expert on retail trade has said.

"This year stores are planning as much and in many cases actually more advertising in both dollars and in percentage of business than last year. We will see the largest retail advertising dollar expenditure in history, but the dollar expenditure in history papers, more than the dollar expenditure in history and the other tools will share in this selling drive. In view of W. Ross McCain, president of the National Board of Fire University for the Presention campaigns have helped to bring about a reduction in American fire losses. During seven out of the first eight months of this year, fire waste was lower than for the same months of 1946. The decline worked out to just under eight per cent.

er tools will share in this selling drive.

Here is additional evidence that
competition really is intense today.

Stormone. First of all, it is designed
to interest people in goods and to keep
buying at a high level. It is also designed to create new customers, and to
keep the old customers coming back.

It is the visual link between those who
have something to sell and those who
have something to sell and those who
want to buy. worked out to just under eight per cent.

This was a real accomplishment. However, in spite of that our fire loss is disgracefully high. As Mr. Cain said, "With all the progress that has been made," there is still much to be done. Every single day of the year, at least 10 Americans die in fires, and nearly two million dealbas "n progress" is destroyed by flames every. 24 hours. want to buy.

It cannot be emphasized too often t most of this waste is unnecessary
