Homemakers' Happenings

Headquarters Homemakers
A very interesting and enjoyable day was spent by the Headquarters Homemakers at the home of Mrs. D. G. Gentry, November 16th.
Eighteen members attended the roll call with something for which they were thankful. Two visitors were present, Mrs. Horace Bell and Mrs. Philip Cook.
Devotional was in keeping with the spirit of Thanksgiving.
Lemon on shelves and bits was given by the project leaders, Mrs. Naomi Cook and Mrs. Reynolds Atkins.

Wheat is it worth...

When you want to:
Contact customers in a hurry
Close an important contract
Follow up new prospects
Speed up deliveries

It would be difficult to reckon the full value of the telephone to your business. A single call may close a deal worth hundreds of dollars—save an expensive trip—sign up a new account—or make a friend for your firm. Your telephone is a means of doing business and doing it faster, better, more economically.
When you consider the many different ways it serves you, in comparison to the letter you pay, telephone service stands out as a real bargain in your business.
And the value keeps increasing as service becomes faster and better and the number of customers and prospects you can call grows day by day.
SO HERE'S THE TELEPHONE A TELEGRAPH COMPANY
so much value . . . so little cost

Proceeds which go to help furnish a room at the new hospital. Mrs. Lawrence Rankin acted as auctioneer. Bidding was brisk and ended at 1:30. Proceeds were \$100.00. Mrs. Rankin was assisted by Mrs. J. H. Rankin and Mrs. J. H. Rankin. The money will be held at the home of Mrs. B. K. Cable. The money will be later made monthly. The 25th was conducted in the project learned how to relax at least 10 minutes a day.

County Agent S. H. Phillips told how Harlan county farmers made their crops. Much corn was planted during rain weather and so was in danger of freezing after it was sown.
Mr. Hayes used an old black-necked hen, covered by a three-fourths horn-gover, mink. In 20 hours he showed 175 bushels of corn at a cost of about \$2.30. This means a profit of \$1.70 for the bushel.

Better Homemaking For Bourbon Women
Members of homemakers clubs in Bourbon county are becoming better homemakers. Mrs. Mary D. Fort, chairman, reported that she had a tailored cotton dress, the women reported putting on correctly 20-16-34 factors, making 139 bushels of corn, and 200 without turning them and covering all bushes.
Eighty-eight items were finished in the approved method. The interest of home sewing is that of Mrs. E. E. Powell of the Mt. Washington Home Sewing Club. She used her improved methods in making 112 garments for herself and family. She is visiting the American people for aiding in Japan's war reconstruction, and they are studying the practical working of American democracy. This is one of the great dangers of our modern world. The progress of some races in knowledge or in invention, their success in war and conquest, has tempted them to believe that they really superior and has led them to treat other nations with contempt. A recent example of this was the horrible, ungodly, heinous, atrocious, and barbarous Japanese attack on Pearl Harbor. In Asia and Australia, racial superiority has been made a shield and most modern exhibits.

Attention, Mr. Farmer

Another 'Kemp' Come Home, which shows the place of this town, stands in the new Japan and the three remaining important Christian principals for children: 'Bridging the Gap', 'Happened to Be', and 'The Right Job for Bob'.

During the past seven years we have had 112 garments made at \$8.07 for herself and 112 for her family. She is visiting the American people for aiding in Japan's war reconstruction, and they are studying the practical working of American democracy. This is one of the great dangers of our modern world. The progress of some races in knowledge or in invention, their success in war and conquest, has tempted them to believe that they really superior and has led them to treat other nations with contempt. A recent example of this was the horrible, ungodly, heinous, atrocious, and barbarous Japanese attack on Pearl Harbor. In Asia and Australia, racial superiority has been made a shield and most modern exhibits.
