### **Effects Of Labor Monopoly**

The adverse effects of union monopoly are reflected in higher costs of production, higher prices of common control of the production, higher prices of common control of the production, in responsibility of the performed prices of the public generally. For the production of the p

"Socialism has never succeeded anywhere in the world. The Socialist policy of nationalizing our industries, so far as it has been carried out, has failed in every case." — Winston Churchill monopoly."

That is a sweeping indictment, but every word of it has been justified time and time again by enormously powerful unions and their chiefs. What makes it especially interesting is that the unions are now doing almost "Individuals, communities, and states must learn again to stand on their own feet if this country is to be saved from going socialistic."—Perry Brown, Commander, The American Legion
