Let's Merge

The year 1951 could see the realization of another dream, and that dream is the consolidation of Nicholas County and Carlisle High schools into one township educational center.

Let's hope that the differences that exist now will be resolved in the days to come and that the new building that can accommodate the upper four grades in each school, will be used to provide better educational facilities for students.

A Progressive 1950

In three more days we'll be saying goodbye to the year that has been so busy and so full of interesting events.

Let's hope that the differences that exist now will be resolved in the days to come and that the new building that can accommodate the upper four grades in each school, will be used to provide better educational facilities for students.
