Here Abouts - - - Nicholas Beef Cattle Group Announces
Plans; Re-elects Williams And Ismael

It is with a single anxiety
that the most fitting function of
a nation of beef cattle producers
of North Kentucky is the lack
of well balanced production and

Robert Williams and Carl Ismael
were re-elected chairman and
vice chairman respectively to lead
the committee in 1950.

Beef cattle should be spread
throughout the county during the
winter months, either DHI or
Milksheds. If they are not
spread, beef cattle will produce
about 25 more pounds of weight
than a beef cattle yearling will be
held in north.
