Welcome All Homecomers

Since 1886

Since that day, fifty years ago, when the first automobile chugged down Main Street, to the amusement of people, dogs and horses; ... since even before that, when there were no cars, and the principal petroleum products in use were kerosene oil and kerosene grease; ... year after year, Standard Oil products have continued to lead in performance.

You'll find your neighborhood Standard Oil dealer matches the dependable quality of the products he offers, with the extra service he renders.

### THE LITTLE COUNTRY HOTEL

(Edge a Guest)

The little country hospital is hidden out of view, tucked away in an old building on the north of a road in the face of a meadow. It is the pride of the small town doctor there, and in this little hospital which humble folk maintain.

Hot food that heats are mercurial and quick to comfort pain. It isn't like the city place, with sections blocks apart. Where every patient's list is a number of a friend.

And specialists for this and that are in a flash than ever. And ask a thousand questions of the doc he had before. For in the country hospital, which lacks all pomp and style, the surgeon on his morning round has time to chat awhile.

And whether pain be in your groin, your stomach or your leg, the cause of it the doctor there usually will know.

Will stop to speak a cheery word and give you a good word. He'll diagnose your case himself and give you a good word. And whether shall treat the ailment, when you are free from pain, will stop to speak a cheery word and wish you well again.

So little country hospital, which has time to chat awhile, handles folks' ailments.

Founded over three-quarters of a century ago by T. A. Dorsey & Son, W. I. Dorsey being the junior member and to whom the business later belonged. In the year of 1893, E. O. Dorsey became a partner in the concern; then in October 1904, Clifton Fisher acquired an interest and the firm name became Dorsey, Dorsey & Fisher.

The firm enjoys possibly a grand patronage as any other in Nicholas county. The main office is located at the corner of Market and Broadway with the sub office, yards and coal station situated on Dorsey avenue.

In their lumber yards and warehouses can be found, truthfully speaking any and everything used in the construction of a modern home. In coal they handle such kinds as the community demands, which is invariably the best.

## The C. C. Cole Company

"Home of Better Clothes"

This building, completed in 1900 on the corner of Main and Maple by Mr. C. C. Cole at a cost of approximately \$15,000, is still today, 50 years later, one of Carlisle's leading men's stores. The corner was known as the old St. Cloud Hotel corner.

The C. C. Cole Company is now operated by R. O. Shroat and Robert Fisher.

We're glad to welcome home all wandering traders. Come in and see us.
