Plaudits
In order to create more interest in the 1950 Community Chest drive which gets underway here today (October 30), the Chest public relations committee is sponsoring a poster contest among all children, such as in health grade, inclusive.
The Mercury applauds this. It is not only stimulating young minds on subjects pertaining to Community Chest benefits, but we feel it will be instrumental in the success of the campaign.
The Rev. Father George Strain, chairman of the drive, offers "our greatest blessings come from sharing our personal goods with those in need, through the works of others."
The lead Chest offers an opportunity for weeklong giving.

"Faith in Things Spiritual"
Millions of Americans will be glad to read and reread the Bible in the next few days. The occasion is National Bible Week, October 12-22, 1950.

STRICTLY FRESH

A NEW YORK reporter says his first experience with the 'tenderloin' started with sales on the job. There are more sales on the job.

An Indianapolis news reporter has for an interview before he was told a truck that approached Clemens, Madisonville, Kentucky trader, had brought a horse in.

"He was selling me down the river. To be more exact, more literal, you are exploiting me for a few dollars here or there, when 'selling' me the horse."

"By the way," he continued, "I was not as much interested in the horse as you are. I was interested in the money."

"The horse was not as good as you think it is. I have had a horse like that for some time and it is not as good as you think it is."

"He says your mother was a horse. You seem about on that level."

"The horse is not as good as you think it is. I have had a horse like that for some time and it is not as good as you think it is."

Who Is The Heir?

By Dr. Gordon Wilson
For almost seven years I have been writing for this column, about the subject of wills and inheritance. From time to time, I have heard from readers who have tried to make a will by themselves. I have found that it is a very difficult thing to do, and that it is better to have a lawyer draw up a will for you.

Dear Mr. Editor:
Thank you for the opportunity to write in your column about the subject of wills and inheritance. I have found that it is a very difficult thing to do, and that it is better to have a lawyer draw up a will for you.

The King James Version
THE BIBLE was approved by the Council of Trent, in 1546. It was the first time that the Bible had been translated into English. It was a very important step in the history of the Bible.

The power to re-arm

America has power, as never before - electric power vital in re-arming as well as in meeting today's reconditioning civilian needs. The business-managed electric companies have been building up the nation's expansion program. Just since 1946 the nation's electric companies have increased their power capacity by 35 per cent. Here in Kentucky the increase has been even marked.

Kentucky Utilities Company has increased its generating capacity 218 per cent since 1945. The Tyrono and Green River plants have added more than 750,000 kilowatt hours annually to the state's potential power needs.

With proper allocation of manpower and materials, almost as much capacity will be added during the next three years. We, and all the industry, stand ready to meet even greater needs.

All this is being done on the company's own initiative and enterprise - and financed entirely by money from investors.
