Good Grass Grown On Renovated Land

E. A. Perry has one of the good fields of grass and legumes in Fleming county, although he is not in the grass pasture program. Last March he used a field cultivator to tear up 40 acres. Then he spread

manure, phosphate and mixed fertilizer and sowed orchard grass, Ladino clover and alfalfa. When County Agent James J. Stephens visited the field this fall he found an excellent stand of grass and legumes growing despite the grazing of unimproved adjoining fields.

Moorefield Homemakers

By Mrs. Wain Eason
The "Core of the Heart" was the lesson given by Mrs. William Smith and Mrs. Clifton Howe at the meeting Tuesday, October 10th, at 1:30 p. m. at the home of Mrs. W. J. Judge with Mrs. Wain Eason as co-hostess.

Seventeen members answered roll call with their babies and one who was absent. Mrs. Wain Eason, Mrs. Hugo Campbell and Mrs. James, who became a member. Mrs. W. J. Clark, president, presided at the business session. The first annual meeting was discussed. Mrs. James Wain Eason, who has caused serious erosion in many parts of the county, was the guest speaker.

Recipe Of The Week

This is the section which youngsters sample from the general menu at the best. Mrs. Florence Smith, applicant in foods at the College of Agriculture and Home Economics, University of Kentucky, suggests not peeling them, then giving extra food and food value.

UNION ENROLLS 500

Union College has announced that it has a first semester enrollment of nearly 500. This is the largest enrollment since 1947.

Agent Praises Work Of Soil Laboratory

County Agent John R. Waddington has high praise for the Logan county soil laboratory set up through the cooperation of the United States Department of Agriculture and the County Farm Bureau. Many farmers have used the soil laboratory, he points out, because what they now need is a soil test.

CASWELL FURNITURE COMPANY

Wherever modern farming is practiced, you will find quality John Deere Equipment... and enthusiastic John Deere buyers.

These farmers, as their fathers before them, have found that the leading deer trademark is the label of farming equipment correctly designed—properly built—no give when the maximum service, over the longest period of time is the lowest possible cost.

With today's modern power equipment doing increasingly more of farming's muscle work, quality of farm equipment—both in design and construction—has assumed a new and even greater importance. That's why it pays to look for the John Deere trademark on the farm equipment you buy.

So stupid--those Americans

"And so they try?"

"Always they try. Research in petroleum they are doing always. Money they spend like water. For what? To find more uses... to make products for less cost... to make advancements in engineering, chemistry, medicine. All that when any sensible man knows that private competition is wasteful and expensive."

"Of Course. Of Course. Poor People—their misfortune is very great indeed. And yet automobiles everywhere they drive. Sometimes I wonder..."

"Careful, Comrade! Don't talk like that. Somebody might be listening."

"So stupid--those Americans"

Dawson Outburst About Impeachment Considered Twaddle By Gov. Clements

Gov. Earle C. Clements said that the "impeachment twaddle" of the House of Representatives is "nothing more than a bunch of twaddle" and that he will not be "bothered" by it.

Gov. Clements said that the "impeachment twaddle" of the House of Representatives is "nothing more than a bunch of twaddle" and that he will not be "bothered" by it.
