It was just one year ago today
The day our Father passed away
We miss his bright and happy smile
His visits with us for a while
The days are dreary, the nights long
Since the dearest friend on earth is gone.

Although he's gone, his memories stay
Within our hearts both night and day
He's in that beautiful home above
Where there's no wars, just peace and love
Dear Lord, please hear our earnest Prayer!
That we may meet our duddy up there.

Question of The Week—Can the Carlisle Musketeers defeat the Versailles Yellow Jackets Friday night, and thereby remain the only unbeaten, untied football team in the Central Kentucky Conference?

If anyone person could have ideas as to the outcome it would be Coach Tebay Roe.

Here a few questions fired in haste at the likeable grid mentor before practice Monday afternoon:

EA—Well, Coach, can we beat Versailles?

Roe—I don't know. It seems to be which team scores the other. We haven't been behind or beaten in 10 straight games since Paris last year. We have a bunch of young boys. Versailles has scored on every team they've played this year and at least twice against Henry Clay, Irvine and Lafayette

EA—What about Versailles' strength?

Roe—They have a great offensive team that can pass and run with the best of 'em. They're the toughest we've played. Against Henry Clay they tossed 33 passes and completed 29. We're working on pass defense this week.

EA—What about comparative power?

Roe—Versailles ran all over Anderson 56-0, a team Stanford defeated 20-19 and 27-0.

EA—How do we stack up in size?

Roe—Versailles will definitely out-weigh us man for man. They have a big, rangy line and backfield. Coach Vernon Tucker has a 40-man squad to choose from and substitutes quite often. Fact is, in the two games I've seen Versailles play, Tucker has used the two-platoon system, especially at the line.

EA—What do you think of the scoring?

Roe—As I said I think it will be a free scoring game. They have the best passing attack I've seen. As a offensive unit they're great. But, I don't think they can keep up form scoring.

EA—Anything else?

Roe—Hartel, their fullback does the passing. We must cover his receivers. Jenkins, out all season with a broken leg might be ready to play. Tucker has a fair defensive halfback substitute around in the backfield. Roy Benson looks good at fullback. Back Donnie Morgan is now ineligible due to the age limit.

EA—If we defeat Versailles, there a chance Carlisle will get the CKC crown despite the fact we've been mostly 'B teams'?

Roe—Only the slightest. We might if Somerset could beat Henry Clay and either Winchester or Irvine top Mt. Sterling But those are mighty big 'ifs'.

—HA—

Guys who get around often remark at the remarkable changes that occur in people's tastes as they mature.

Fr'instance, little girls like paintpd dolls. While most little lads seem to like soldiers.

But as the years go by and they grow up, the girls like the soldiers, and the boys go for the painted dolls. Yes sir, tastes DO change.

Capt. Kendall Serving With Atomic Division

Captain Ivan S. Kendall is now serving with the Electronic, Communications and Atomic Energy Division of the Headquarters of Air Training Command, Scott Air Force Base, Illinois.

Since 1946 Kendall has been an operations officer of the Radio Mechanics school at Scott, the school where he received his first Air Force training. Kendall attended this school shortly after his enlistment in 1940 and was held as an enlisted instructor until his selection for Officer Candidate Training in 1942.

After receiving his commission, he completed courses at the Communications Officer school and the Radar Officer school. As a communications officer, he joined the 8th Air Force in England. He was with the 8th on their move into France ,where he received the award of the Croix de Guerre and authorized on the unit citation badge.

Kendall was the last of Kendall's overseas assignments and, in 1945, returned to the states for duty with the Communications Rescue Research unit at Kessler Air Force Base, Mississippi.

Kendall is a native of Carlisle. He is a graduate of Carlisle High school, and his father, William M. Kendall, resides at 520 Sycamore Street, Carlisle

Red Cross To Meet, Elect Officers Tonight

The annual meeting of the Nicholas County Chapter American Red Cross will be held Thursday October 26 at 7:30 p. m. at the Red Cross Office.

The purpose of the meeting is to elect new officers and three members at large to the board of directors.

The present board of directors include Mrs. Howard Irvin, Spencer Taylor, George Rankin Carter, Frank Hardesty, Russell Brown and Jack Straw.

The terms of office of W. T. Stone and S. B. Barlow have expired Two new directors will be elected to fill these vacancies and the Mrs. Irvin's unexpired term of Frank Hardesty, who has moved to Winchester.

Miss Marion Dcleon, General Field representative, will attend the meeting and give the latest in the international situation as it affects the Red Cross. Members of the Red Cross are urged to attend. According to the by-laws, a member is one who pays a membership fee of One dollar or more.

Musketeers Please H'coming Crowd With 25-0 Win Over Georgetown

A near capacity Homecoming crowd at the athletic field Friday night watched Georgetown transmit to the fifth whitewash job registered by Carlisle this season as the Musketeers rolled to a 25-0 CKC verdict over the Buffalos from Scott county.

Halftime ceremonies spotlighted Misses Carole Smith, queen, Jane Ellen Gillespie and Saranell Seamonds, attendants who were presented to the crowd by co-captains Hardin and Morrison. .

Not Impressive

According to Coach Tebay Roe, the Musketeers were not impressive in their 25-0 conquest.

Said Coach, "we were not our best because of over-confidence. It took a half and a lot of 'harsh words' before the boys snapped out of it in the third quarter.

"In the first half the boys simply weren't charging hard. We can't play that way against Versailles Friday night and expect to win."

Donovan Scores First

Benny Donovan, unsung sophomore halfback who played his best game this season raced 35 yards straight down the middle to put the Musketeers ahead 6-0 after two minutes had elapsed in the second quarter.

"Blitzing Benny" ripped off nice gains during the first period and was largely responsible for a Musketeer threat that bogged on the Georgetown 18 where the Buffalos recovered a costly fumble.

Fumbles Hurt

Approximately 75 yards worth of penalties stepped off against Carlisle were definite blows to Musketeer scoring aspirations.

After Donovan's tally Hardin booted to G'town on its own 38. A Mayo to Covington pass netted first down yardage to the Carlisle 30. The first line of defense tightened at this point and Moore was forced to punt. The ball rolled dead inches inside the playing area where Carlisle began a drive that carried some 85 yards to the enemy 15 before a penalty slowed down and the ball ended a Musketeer bid for another TD.

With Hardin and Booth heavily scouted, Donovan and Pitman teamed to spearhead the above drive. Pit pitched a left-handed pass to Morrison from his own 12 to the 35. After a penalty back to the 20, Booth bulled for five to the 25.

Here Donovan slipped on his track shoes for his second 35 yard jaunt of the night to the G'town 40. Hardin and Donovan picked up another first down on the 30. Pit's pass to end Jim Hughes was good to the 15. Then came the penalty.

Community Chest Drive Opens Here Monday; To Benefit Eight Services

Help the Community Chest Help You—that's the slogan for the 1950 Chest fund drive which begins Monday, October 30.

"A wide awake community knows its own needs; a wide awake community knows how to meet them, it means that the cures must come from within —from us, ourselves. Through the benefits from the Chest we can cure some of our ills. Carlisle Funds benefit the young and old, sick and healthy, happy and troubled. When we give to the Chest we give to ourselves," so said Father Strauss, head of the local drive.

TO BROADCAST

Father George Strauss and Mrs. B. F. Reynolds will broadcast over radio station WLAP Friday at 9:45 a. m. concerning the drive. WLAP is located at 630 on the dial.

Of the eight agencies benefiting from the local Chest fund three are of character and morale building nature. Others look to Crippled Children, Nicholas County hospital, county school lunch and city school lunch give vital health and welfare services. The Emergency Relief Fund is available when fire, flood, illness or any overwhelming disaster strikes. A community prepared to meet such is a proud, strong, growing community.

Plans for Drive

A number of pastors will speak through their pulpit on the subject of "Giving" on Sunday, October 29. Teachers throughout the county are entering posters in the Poster Contest. A program will be given from a Community Chest Float located in the main part of town on Saturday, October 28. A radio program has been arranged.

Sixty people have been selected to head the drive in their respective community. Almost 100% of these people have agreed to give the full day Monday to the work if necessary.

Solicitors To Meet

The sixty solicitors from the city and county will meet at the Methodist Church annex on Sunday at 2:00 p. m. with the drive chairmen, Rev. J. G. Carr, Mrs. B. F. Reynolds, Dr. Stanley Hutchings, Charles Cox, and Father Strauss for a pep meeting.

At 8:30 on Monday morning the solicitors will meet again in the Methodist Church annex where they will be served coffee and doughnuts and receive last minute instructions and supplies and from there will begin the house to house canvas. All county solicitors are urged to attend both meetings if possible and especially the Sunday afternoon meeting.

Posters

The Community Chest Poster Contest closes Friday at 5:00 p. m. Take your poster to the county agent's office. Ribbons will be tied Saturday morning with first prize of $3.00, second, $3.00; third, $1.50.

Posts to Remember—If you live in the county you will be required somtime during the week of October 30, Rev. Strauss said. If you live in Carlisle, you will be visited sometime Monday, October 30. Be prepared — discuss with your husband the amount of your donation before the day of the drive. Have your check, money or pledge ready, he advised.

Give your whole hearted support and corporation to the solicitor.

Give as much as you can afford to give. Remember your gift is divided among eight different services.

Blake Completes AF Basic Course

Pvt. Richard D. Blake, 21, son of Mrs. Ruth Fuller, Box 66, Mt. Olivet, has completed his AF basic airmen indoctrination course at Lackland Air Force Base, the Gateway to the Air Force.

Lackland, situated near San Antonio, is the world's largest air force base, center of Air Force basic training, for airmen and women, indoctrination station for prior service reenlistees, and home of AF's Officer Candidate School.

A. R. Shrout of Carlisle bought at public auction Saturday at 126-acre farm of the late W. J. Roe, located on the Ox-Bow pike, for $250 an acre, John L. Cummins of Cynthiana, auctioneer in charge, administrator, Clyde H. Roe, reported.

NCHS Cards 23 Games, Practice Underway

The Nicholas County High school Bluejackets basketball team has been working very hard under their new coach, Leo Wild. The squad has been cut to 20 players and of this 20 there is only one senior, Hargis Fryman and one freshman, his brother Marvin.

Back this year are such stalwarts as Donnie Gusnee, Johnny Frymun, Ward Shannon, Edgar Boyd, Harvey Wilson, Tommy Grimm, Phil Hillock and the Fryman brothers.

Several new teams have been added to the schedule including Sudeville, Harrison county, Fleming county, Sharpsburg and Orangeburg.

BOOKS ARE NEEDED

A book drive is being held here this week by the Carlisle Woman's club to secure books for use in the TB hospital, Paris.

Persons having books to donate may leave them at the Western Auto store.

Local UK Alums To Meet Monday

All alumni of the University of Kentucky from Nicholas county are cordially invited to attend a meeting to be held on Monday night, October 30 at 7:00 p. m. in the basement of the Carlisle Christian church. The purpose of the meeting will be to organize a local alumni association.

Arrangements in charge of arrangements for the meeting are Pat Conley, Roger Womack, Jessie Flora, Emily Asbury, Mr. and Mrs. Harold Leeton, Hallie Leeton, and W. T. Sears, county agent.

Any commuter in charge of the meeting stated that there will be no financial obligation imposed upon any person attending the meeting. Miss Helea King, secretary of the Alumni Association and Hamleton Tapp, assistant to the president, will attend. A motion picture of activities of the University of Kentucky will be shown as well as an outstanding picture of either a basketball or football game.

All alumni are urged to be present. Wives or husbands of alumni are invited. Actually, every person who has attended the University a semester or two summer terms is eligible for the local alumni association.

Wilma Vaughn daughter of Mr. and Mrs. William Vaughn received a deep cut on her knee when she fell Tuesday afternoon.

The gash required 13 stitches to close.

Free Parking

Beginning next Wednesday, November 1 and continuing through the months of November and December, Wednesdays in Carlisle will be known as "Courtesy Days."

On these days, nine in all, parking meters will be covered with printed bags and motorists allowed to park in the meter area free of charge.

The Carlisle Businessmen's club suggested the idea which was recently approved by city council officials.

Revival Draws Crowd At Christian Church

The revival at the Carlisle Christian church continues to draw large crowds at each service, breaking some of the attendance records set during the special services conducted by evangelist and Mrs. Virgil Brock a year ago. With 353 registered at the Bible school Sunday the workers adopted a goal of 386 for the closing day next Sunday, Minister J. J. Whitehouse predicts the attendance will pass the 400 mark. "We have been near it that figure several times in recent years and now is the time to go beyond it", he said on "Guest Night" Monday evening.

A special feature has been announced for each evening this week. Wednesday is "Community Night" and Thursday has been designated as "Adult Night", for the classes of the church school to be seated as delegations. Much of the large center section will be reserved for all others. "Harvest Home Night" has been announced

Work On New School Progressing Rapidly

The Leo Miller Construction Coompany added several laborers to their crew during the past week and now have 13 laborers and three carpenters at work on Friday for the foundation on the new school. Mr. Sullivan, superintendent on the general construction, stated today that at least six additional carpenters will be added next week to speed up the work to a maximum before the present favorable weather conditions.

Pipeline Completed

The Whitehurst Plumbing Co., are completing the water line to the school.

With the use of a ditching machine, only a few days were required to lay the 3 inch copper line. The Carlisle water works provided the tap for connection several weeks ago and water will be turned into the mains to the site today.

Work will start immediately on the laying of the sewer lines from the building to a large septic tank formerly used by the CCC Camp. The cast iron pipe for the sewer lines is now stored on the grounds.

Purchases Interest In Local Lumber Firm

James F. Hardin, local contractor and builder, purchased the interest of Noble F. Nash, Louisville, in the coal and lumber firm of Dorsey Bros. & Fisher, according to a statement by A. R. Fisher, president of the firm.

Mr. Hardin has had a wide experience in carpentering and hardware sales and will take an active part with the firm. He is well qualified having spent 29 years in building construction and five years with Montgomery Ward as manager of their plumbing, heating and building materials department.

FREE HAIR STYLES

Patients at Johnson's Convalescent hospital received free hair stylings Wednesday from Johnny Jennett and Eddye Rich.

Master Conservation Award Received By Three Nicholas County Farmers

Charles T. Whaley, Dr. G. T. Cowan and Dr. Edie Asbury were recently recommended for the Master Conservation Award given by the State Soil Conservation Committee. Their farms were visited and checked by a committee consisting of William Straw, county agent, Marion Roberts, veteran teacher, D. W. Orcutt and Edward L. Sanders, soil conservation service.

They are among the few Master Conservationists in Kentucky and are the first to be eligible for the award in the Nicholas County Soil Conservation District.

A Master Conservationist must be outstanding in the following points: use of land according to its capabilities, pasture and meadow development, contour cultivation of row crops, strip treatment, winter cover crops, terraces and diversions where needed, sod waterways, stockwater ponds, woodland management, completeness of conservation plan.

Mr. Whaley is doing a complete job of conservation farming on his 146-acre farm. He is truly following a grassland system of agriculture. He started his conservation program with the Nicholas County Soil Conservation District in 1945 and has been increasing soil fertility, improving pastures and meadows ever since.

During this period, crop yields on tobacco have increased 850 pounds per acre and clover yields on cropland have doubled. The livestock carrying capacity on improved pastures has tripled. All crop, pasture and meadow land has been limed at the rate of two tons per acre. Sixty-five acres of pasture and meadow land were fertilized this year with 500 pounds 0-12-12 and 500 pounds nitrogen per acre. There is almost a complete system of terraces and diversions on the farm. Mr. Whaley is a supervisor of the Nicholas County Soil Conservation District, director of the Sheep Association and works with all agricultural agencies in his community and county to make it a better place to live and work in.

Dr. Cowan started his conservation program by developing a conservation plan with the Nicholas County Soil Conservation District in 1943. He follows the grassland type of agriculture with only four acres of bottom land being used for tobacco with diversion channels above. He grows no tobacco and his clover yields nearly a ton per acre. On this 110 acre farm, 95 acres are in pasture and meadow producing feed for livestock.

Twenty acres of pasture land and six acres of alfalfa land and seed were fertilized with 500 pounds phosphate and two
