## TELEPHONE LINES ARE HUMMING FOR DEFENSE

This country's telephone service is one of its greatest assets in time of emergency. It unites millions of people—belgs thousands of businesses to get things done quicker—and is a vital part of our national defense.

In the past five years Southern Bell has nearly doubled the number of telephones in service . . . nearly doubled Long Distance forcius, tripfed rural telephones and most the service faster and better. And we're buy right now providing more telephone facilities throughout the South— to keep pace with its growing prosperity and expanding defense activities. All this growth-and maintaining the financial strength

All this growth—and maintaining the mancias strongs to keep or expanding—will be increasingly important to the South and the Nation in the days ahead. One reason this country can outproduce any other is because it has the most and best stellars of the south of the
