THURSDAY, APRIL 12, 1951

Slow Down "Speedy"

One of the serious questions of our time is the speed limit. The automobile industry is doing its utmost to speed up the automobile. Almost 50,000,000 cars in 1950 were the direct result of speeding. Out of every three Americans who lost their lives in 1950 were killed by automobiles. The death toll was being cut down.

Grass Roots Opinion

Efforts are being something by being out touch with some religious activity. Going to Sunday school is a good idea. The Carlisle Mercury is a publication for the people of Carlisle, Kentucky. It is a publication for the people of Carlisle, Kentucky. It is a publication for the people of Carlisle, Kentucky.

Helping the Nation get things done for 75 years

This year is the telephone's twenty-fifth and busiest birthday. What began as a link between two rooms in a Boston office in 1876 has developed, in one lifetime, into a long-distance network that covers the Nation - and extends to most of the world's telephones. This great system is growing in answer to the needs of a people. And it's a good thing that is. In these throbbing times, the Long Distance lines that bind this country together are more vital than ever. For today they are helping to speed production and guard the Nation's security - jobs that call for nothing less than the best telephone service in the world - Southern Bell Telephone and Telegraph Company.
