More Corn . . . Less Cob -With Southern States Hybrids

Take a look at that big healthy ear on the left. The one with the deep, golden kernels and the small but well-filled cob. It's a typical Southern States Hybrid ear. And it means more corn for you to feed. And more corn for you to sell! more corn for you to feed. And more corn for you to settl

You see the difference for yournelf — shell

out a Southern Stotes Hybrid ear and an

out a Southern Stotes Hybrid ear and an

out a Southern Stotes

more shelled corn from the Southern Stotes

which will be the store of these

earts kernels per ear makes a whole of a

difference in your total yeld.

So ask for Southern States Hybrids . . . the hybrids that grow more corn on less cob. Double guaranteed, they're
