ALL OF OUR SETS HAVE FEATURES YOU HAVE BEEN LOOKING FOR—Connection For Color—
Has plug in jack providing for quick, easy connection of auxiliary receiver when available to receive presently authorized full color telecasts
"FRINGE LOCK" Synchronizing Circuit—
makes reception better at greater distances! Locks picture in place to eliminate side to side wobble and vertical roll. Reduces synchronizing defects caused by automobile ignition, sewing machines, electric razors, especially in outlying areas where such interference spoils reception on most television sets.
