How long since you lifted the

We like to have folks do that with a

You'll find that broad bonnet isn't

put there for show. It's packed with horsepower—high, wide and hand-some — more horsepower than normal drivers will ever use in full.

And-if you're up to date on modern features—you'll find that this bonnet is packed with these too.

Do you know, for example, that

every new engine introduced or previewed in recent years is built on the valve-in-head principle?

Score one for Buick, No Buick

engine has ever been built in any

other way.

Do you know what it takes to make full use of high compression? A valve-in-head engine!

TRAIL BLAZER -

with plenty on the ball

Score two: Buick has been stepping

But Buick has blazed one trail which other engines still haven't followed-don't ask us why.

Every Buick has a Fireball Engine which, as we've said before, is like having a string of comets by the tail.

Fact is, in every flame-packed cylinder there is a comet -rolled into a swirling ball by a special turbo-top piston -- touched off by a flashing spark every 5 inches you travel in a Buick.

That's why we're proud to show folks that Buicks have a Fireball Engine – and prouder still to have them take one of these thrilling per-
