Switches to Dodge . . . lowers hauling costs

says LEWIS ENGEL Reliable Supply Company, Chicago, Ill.

"My Dodge has proved to be a real saver on gas!"

"We are getting several more miles per gallon with our Dodge 'Job-Rated' truck—and in a small truck like mine, economy is important.

"My Dodge has not only proved to be a real saver on gas—but we are real pleased with Dodge dependability. Hauling pipes, fixtures, plumbing tools and other heavy equipment has broken down several trucks for us. But our Dodge has taken heavy-duty use over bumpy roads for a long time now and we haven't had to have a single mechanical repair."

- Whatever you haul, there's a Dodge truck—½-ton through 4-ton—that's 'Job-Rated' to fit your job and save you money.
- Full crankcase ventilation saves oil, lengthens engine life, and lowers upkeep costs.
- Two fuel filters—instead of only one—keep fuel clean to help prevent carburetor clogging and fouled cylinders.
- For smooth power that saves wear and tear, Gyrol Fluid Drive—a Dodge "exclusive"—is available on ½-, ¾-, 1-ton, and Route-Van models.
- Come in today for a demonstration and a real good deal.

Enjoy over-all economy. Dodge "Job-Rated" trucks are easy on gas and oil, thanks to compression ratios as high as 7.0 to 1. Other cost-cutting advantages include lightweight aluminum-alloy pistons and gas-saving carburetor with economizer valve.

Cut down upkeep. With a Dodge "Job-Rated" truck you get such proved money-saving features as 4-ring pistons with chrome-plated top rings, exhaust valve seat inserts, pre-fitted connecting rod bearings, positive-pressure lubrication, and other features.

Get long life. A Dodge "Job-Rated" truck gives you special alloy steel springs and shot-peened axle shafts. Other dependable Dodge long-life advantages include such features as wear- and heat-resistant valves, oil-bath air cleaner, and floating oil intake.
