SMASHED CAR—in which two local residents were injured, one seriously, last Thursday morning. In the foreground is the iron stave against the fire hydrant. Mrs. Joesphine Campbell, most seriously hurt, is now in the Nichols General hospital, Louisville. Manuel Crawford, driver of the car, was not seriously hurt. Two Hurt In Thursday Car Wreck; Miss Campbell In Louisville Hospital

Miss Josephyne Campbell, head of the Johnson Memorial hospital, was injured seriously in an automobile accident Thursday morning when the car in which she was riding overturned in C. B. Wagoner's front yard on Vine street.

Miss Campbell was thrown about 20 feet from the car and suffered severe injuries to her head and body.

She was first taken to the Nicholas County hospital where she received a blood transfusion, and was then rushed to the St. Joseph's hospital, Lexington. She was taken to Nichols General hospital, Louisville, Sunday night for further treatment. Her condition was described as fair.

Manual Crawford, driver of the car, was not seriously injured but received numerous cuts and bruises. He also taken to the Nichols General hospital, Louisville, after receiving treatment in the local hospital, but returned home Saturday night.

Eye witnesses to the accident stated that the car rounded the curve and ran into an iron stave, guarding a fire hydrant and then over-turned. The car was badly demolished by the impact, known as saying immediately after the accident, that he "had looked down at the gas gauge momentarily, and the next thing he knew he was in the yard."

The accident occurred about 9 a. m. Thursday. Miss Campbell and Mr. Crawford were on their way to see Mrs. Walter Crawford, a patient at the Mason Memorial hospital in Paris.

Mrs. W. J. Alexander has taken over Miss Campbell's duties at the Johnson Memorial hospital while Miss Campbell is recuperating.

Sheepmen Hear Sen. Stanley Blake At Meeting Saturday Afternoon

Senator H. Stanley Blake, Carlisle lawyer and member of the senate of the Nicholas County Sheepmen's Association Saturday afternoon in the court house and told them that the bill to enforce the dog license law and require compulsory dog vaccination that is pending in the state legislature "probably will be passed with possibly a few changes."

This was the third meeting in three weeks of the association and others interested in the problem. Earlier a group of citizens from this county had endorsed the bill in the legislature to protect children from rabies and cut down the loss of livestock from uncontrolled dogs.

Senator Blake read a synopsis of the bill at the meeting. He also stated that Kentucky ranked first in the number of deaths of rabies cases reported. He stated that both parties were favorable to the bill and that several agricultural organizations throughout the state are financing the bill strongly.

Under the proposed new dog licenses would be $1.50 each. Inoculation against rabies would be $1 per dog. Each dog must have a license and each dog must be inoculated against rabies. The State Agriculture Department would administer the regulations in the bill and a committee of the state house would aid in the vaccination of dogs.

Farm organizations known to be favorable to the bill are the Kentucky Farm Bureau, Bluegrass Sheep Association, Kentucky Veterinary Association and the Kentucky Pure Breed Livestock Association.

The Sheepmen's Association also held their election of officers at this meeting and B. C. Clark was elected president. E. E. Pfanlisl was named vice president and George R. Carter, secretary. Directors elected at the meeting included Charles Law, Earnie Galewine, J. W. Alexander, J. Holland and C. S. Whaley.

The sheepmen will hold another meeting Saturday afternoon at 1:30 p. m.

Jackets Beat Orangeburg 41-40; Muskies Lose To Strong Teams

The Nicholas County Blue Jackets racked up two regularly scheduled victories as they avenged an earlier loss to Bourbon Vocational by defeating that team 73-47 Friday night and then came from behind Tuesday night to defeat Orangeburg 41-40 in the closing seconds.

The Carlisle Musketeers played an excellent game Friday night in losing to a strong Fleming County five by 39-30 but were thumped soundly Tuesday night at Millersburg as the Cadets rolled over them by a score of 89-48.

Donnie Gaunce led the Jacket scoring spree against Vo-Hi as he tallied 19 points in the first half to g/b the Jackets a 33-22 halftime lead. Vocatorial grabbed a quick 5-0 lead but Gaunce's hot streak pushed the Jackets ahead 17-15 at the end of the first canto. In all, Gaunce racked up 32 points against the Parris aggregation.

The Jackets fought the stalling tactics of Orangeburg for four quarters Tuesday night before they finally edged to victory, 41-40. Orangeburg led at all the rest stops and apparently were headed for victory when the Jackets put on their last quarter splurge.

Muskies Drop Two

In losing to Fleming County Friday night, the Musketeers turned in what was perhaps one of their best performances of the season. The Muskies battled the Fleming County five all the way. Booth and Shepherd paced the Muskie attack with eight points apiece.

In Millersburg Tuesday night, the Muskies fell by the wayside before the sharp shooting Cadets. The MMI squad jumped into a 20-6 first quarter lead and never never in danger thereafter. Clark led with 15 and Donovan with 11 paced the locals attack.

Scrap Iron-Junk Dealers Indicted By Grand Jury

The February term of Nicholas County circuit court opened Monday and the grand jury returned an indictment against Laura Watson and her nephew, Francis Watson, on the charge of operating a common nuisance.

Miss Watson and her nephew operate a junk yard just outside of the city limits of Carlisle on West Main street and several witnesses appeared before the grand jury to register their complaints against the Wasson's.

The indictment stated that they (the two) "willingly, knowingly, and unlawfully burn old motor cars, bodies, old tires, refuse and junk upon said premises, thereby causing odious, noisesome, and dangerous smoke, and fumes to permeate the neighborhood and thereby the enjoyment and use of nearby premises of others comforts and discomforts and annoyances to passerbys and did further cause and permit the accumulation of pools, stale, stagnant waters . . . and large accumulations of rubbish and thereby attracted rats, mosquitoes and other disease carrying insects . . . endangering the public health of the community."

According to Commonwealth Attorney G. L. "Larry" Smith, the case will probably come before the May term of circuit court.
