TUXEDO CHOP

The Wonder Feed for All Live Stock

The most popular and most widely used all-purpose feed is Tuxedo Chop.

It is not only a good feed for horses we sell and recommend it for dairy cows, baby beeves, growing calves, ewes and lambs; in fact most any kind of livestock.

It's high grain content — crimped heavy oats and crushed corn—plus other feed ingredients and minerals, and the proper amount of cane molasses, make it one of the most palpatable and nutritious feeds on the market.

We also have other Tuxedo Feeds for specific purposes.

In fact there is a Tuxedo Feed for Every Need.

School Children Receive Tests To Determine If Hearing Defective

One hundred eighty five children in the Carlisle city schools and 445 children in the Nicholas County schools received hearing tests the week of February 4.

These hearing screening tests were the first phase of a Hearing Conservation Program being conducted by the Nicholas County Health Department in cooperation with the State Department of Health, the Carlisle and Nicholas County schools, and the Carlisle P. T. A.

All children in the First, Third, Fifth, Seventh, Ninth and Eleventh grades, plus special children referred by their teachers from the remaining grades were screened for hearing defects.

May Be Retested

Those children who were screened out of their school population as having possible hearing defects will be retested in detail in the future to determine their degree of hearing losses.

Parents will then be contacted and the Hearing Consultant from the State Department of Health will explain to the parents the status of their children's hearing. Recommendations will be made to take the children to family physicians for examination and possible treatment.

For those children whose hearing losses are great enough to be a cause of difficult and retarded school progress, the Hearing Consultant will advise teachers of the children concerned of the situation. He will further make recommendations as to classroom adjustments so that learning might be made easier for some children.

Take Training

Prior to the screening of the children for hearing defects, volunteers from the Carlisle P. T. A. participated in a training course, where they learned how to operate the instruments used. Those individuals participating in this course of instruction did assisting with the testing were Mrs. Thomas C. Johnson, Mrs. Joe Harp, Mrs. Charles Hopkins, Mrs. Taylor Bramlage, Mrs. Kelley Barnett, Mrs. Bettie Mathers, Mrs. Reynolds Feeback, Mrs. W. G. Irvin, Mrs. George Gaffin, Mrs. Hazel Smart, Mrs. Raymond Wesley, and Mrs. Ray Fox.

This Training period was under the direction and supervision of Mr. William E. Coffman, Hearing Consultant, State Department of Health.

"Babe" Parilli To Give Exhibition During Halftime At Tonight's Game

Local football fans will get a chance tonight to see the highly-touted right arm of "Babe" Parilli in action as he will give a passing exhibition at halftime at the Cotton Bowl All-Stars-Local All-Stars basketball game to be held here in the Nicholas County high school gym.

Parilli and his teammates, which include such notable pass receivers as Ed Hamilton and Emery Clark, all All-American center Doug Moseley, will play here in a game conducted for the benefit of the Community Recreation Council.

The main game will be preceded by a girls basketball game between arch rivals, Nicholas County girls and Carlisle girls. This game promises to provide plenty of action, in one way or another.

Cecil Rogers has been added to the roster of the local aggregation, which will also employ a six foot high center from Morehead.

The girls game will begin around 6:30 p. m.

$12,000 Suit Filed Here Last Thursday

A $12,000 suit in equity was filed in Nicholas County Circuit Court Thursday, February 7, naming the Kentucky State Highway Department and J. B. Barrie, Carlisle, as defendants.

The suit was filed by Mrs. Grace Cameron, Carlisle, and arose over a disputed right-of-way from the Cameron's back door to their new house through or near her side yard to a two-acre tract of land, purchased some time ago by the Highway Department. Mrs. Cameron makes North street.

Mrs. Cameron asked for $5000 damage to sell and $5000 damage to her property, caused from the construction of a 12-foot blacktop road from the street to the tract of land.

Files As Taxpayer

Also, filing suit as a taxpayer, and on behalf of other taxpayers of the Commonwealth of Kentucky, Mrs. Cameron seeks to recover for the sum of $2000 which the suit alleges the Highway Department unlawfully paid Mr. Barrie for the two-acre tract of land.

The suit charges that the State Highway Department unlawfully constructed the 12-foot blacktop road across her property, and this past summer moved heavy vehicles and equipment across the road, then in construction, and thereby caused dust to settle in her residence, causing her much discomfort and inconvenience.

The suits sets the damage to her property by the building of the road at $5000.

Mrs. Cameron also asked the court to enjoin the Highway Department from moving further vehicles and equipment across the road. She also asked that the Department remove the road and restore the land as it originally was before the road was built.

Mr. Barton was given ten days in which to file an answer to the suit.

Mr. Jesse K. Lewis, unsuccessful Democratic candidate for Attorney General in the August primary, is representing Mrs. Cameron as attorney.
