Legality Versus Justice

The USA was proven to be a heathen nation in Carlisle last week, when the accused, notwithstanding the evidence produced by the State Department of Revenue, was set free on a technicality of the law. Always present recognized the guilt of the accused. The local enforcement officers have done their duty in the matter, but the W. C. T. U. will be watching the disposition of similar cases in the future.

Bussell Wins Acquittal In Circuit Court Tuesday

The trial of Brooks Bussell, charged with illegal possession of liquor, was held Tuesday in Nicholas County circuit court and Bussell was freed on a legal technicality.

After hearing witnesses in the morning the court returned that afternoon, and upon instructions from Circuit Judge A. H. Barker, found the defendant not guilty.

Judge Barker, stated that the indictment was erroneous and therefore instructed the jury to free the defendant.

The grand jury held its last session Monday and were dismissed for this term of court.

They presented the following observations in their report: 1) that the fiscal court take immediate steps to correct the leaks in the courthouse, 2) that the courthouse be kept in a cleaner condition, 3) that the condition of the jail was satisfactory with the exception that the kitchen needed painting, 4) they gave a favorable report on the prevailing conditions at the county farm and "compliminted Mr. and Mrs. Fryman for a job well done," and 5) also asked for stricter enforcement of the dog licensing laws to help protect children from rabies and to prevent loss of livestock.

The grand jury returned one other indictment, which charged Kenneth Thornsburg with breaking into the Moorefield school. He was given a five year sentence in circuit court Tuesday. Brack Throat, who was with Thornsburg at the time of the robbery, was on probation, and was turned over to probation officers.

The scheduled civil suits were held over until the May term.

Commissioner Urges Listing Of Assessments

John W. Anderson, Nicholas county tax commissioner, announced this week that his office is still taking information for the 1952 assessment.

The official period for taking the taxpayer's list, January 1 to March 1, must be closely observed, Commissioner Anderson stated, because the period for preparing the tax rolls for the approval of the Department of Revenue and action by the County Board of Supervisors is near at hand.

A property owner who fails to list his property before the meeting of the County Board of Supervisors is subject to a penalty.

Commissioner Anderson urges all property owners to call at his office and list their property at their earliest convenience.

Safety School Patrol Organized By Rotary

A safety school patrol will be instituted by the city school in about ten days or two weeks, according to Superintendent Robert Davis.

The Carlisle Rotary club, as part of their community service program, have erected signs at various points around town warning motorists to watch for children and to drive slowly where children are likely to be playing.

The Rotary club is also furnishing money to purchase the school patrol uniforms. The uniforms have been ordered by Supt. Davis and upon their arrival the patrol will be held initial exercises conducted by a state highway patrolman.

The Rotary club feels that the school patrol plus the erection of these warning signs will provide a greater safety to the children of this community.
