What About It?

A fitting tribute to one of Carlisle's most outstanding athletes will be held next Friday night in the form of a testimonial dinner.
Henry Clark Jr., has been a credit to this community and to this state. He dominated a successful college football career New York's Yawco team with a brilliant performance in the Cotton Bowl...
No date more will be added to this report next Friday night.

A New Concept of Giving

The spread of polio during the last few years has been such that the National Foundation for Infantile Paralysis has had to resort to a new concept in dealing with the disease.
During the first decade of the organization's existence, from 1939 through 1947, the nation experienced an average of ten to twelve thousand cases a year. In the past four years, however, that average has jumped to 31,000 cases a year.
