Born Again

Lessons for January 27, 1952

Dr. Foreman

IN many places one often hears the expression "born again Christians". As a matter of fact, there are no other kinds. If a person is not born again he is not a Christian.

The first birth is of the natural self, the sinful one, as to speak, is this natural s elf.

The second birth is of the supernatural self, the awakening to the spiritual life. Sometimes this new birth comes very early in life. Dr. Warfield a very conservative Presbyterian theologian, thinks that the second birth might in fact occur before the birth of the natural birth. (See Jeremiah 1:5).

A man may become very distinguished in the natural sense and still not have been born again in the spiritual sense. Herod was a man who had everything, as the saying is. And a prophet of the Jewish High Court, a man both pious and respectable. But he had not been born again.

God Is the Life-Giver

Right in the foundation of John 3:7 has given many persons the idea that they must be born again in a day. Now a day is a period that you ought to do, and that by your own efforts you can by will you will. It's up to you. But taking the teaching of the whole Bible, to be born again is not a duty. It is the act of God.

What Jesus was saying (as the Greek of John 3 indicates) is that it is necessary, it is indispensable, to be born again. There can be no development, no growth, in the spiritual life unless there is somewhere the beginning of that life. You must have "been born once in order to see the wonders. You must be born again in order to see God.

The seed which we sow in field or garden must have the germ of life in it or it will never grow. But no farmer can give life to the lifeless seed. God alone is the life-giver, in the first birth as in the second.

• • •

Turn; Follow

SOME person get this far in their thinking and then they become confused. They do not quite know who they think, what is the use of my trying to obey them? If God takes the first step then all I can do is to wait for him. So matter how much I want to be a Christian and how hard I may try I will be able to, for God may not see fit to make it possible for me to do what I want to do." This is a mistaken thought.

John Calvin, as is well known, was a very strong believer in predestination. As pastor of a large church, he had numbers of people in his congregation who heard him talking about predestination, the doctrine that we are in God's hands and that spiritual life can come only as he himself bestows it in our souls.

They would ask just about this same question. I was not a Christian, but how do I know that God has chosen me to be a true Christian, but how can I know whether I have been born again? Calvin's answer was a simple one. If you really want to be a Christian in your heart, that is a sign, the very best sign, that you have been born again.

• • •

Turn; Follow

IN the Bible the commands are "Turn"; "Follow"; "Believe"; "Obey". If we have not been born again these commands fall on deaf ears. If they stir our conscience, if they make us respond, then that is a sign we have been born again.

Then can't we tell when we are born again? Certainly we can tell; just by being alive. "We know that we have passed from death unto life because we love the brethren," said the same apostle who recorded Jesus' conversation with Nicodemus.

We wish very much we knew whether Nicodemus himself was ever born again, but students of the Bible have never agreed on this. And the reason for the uncertainty is that Nicodemus never did come right out.

We know Matthew was born again because he turned his back on his former life and followed Jesus. We know that Nicodemus said some kind things about Jesus. We know that after Jesus was dead, Nicodemus came through with a handsome contribution for the funeral. Was that only late, or was it too late?
