Capt. Charles R. Burton of Lexington was sworn in as an officer in the United States Air Force on March 18, 1952. The ceremony took place at Langley Air Force Base, Virginia, where Captain Burton is presently stationed, serving as Senior Wing Legal Officer, 47th Bombardment Wing, Light. From this post he was sent to the 1st JAG School, Air Command and Staff School, Maxwell AFB, Montgomery, Ala. Upon completion of this school, he returned to Langley AFB, where he was assigned as Assistant Base Legal Officer. Langley AFB, a position he held until he assumed his present duties.

A native of Carlisle, Captain Burton served in the Army Air Force during World War II for a period of forty-two months, two years of which was spent in England, Africa and Italy as a staff administrative officer in the 8th, 12th and 15th Air Forces. Mercury Again Making Plans To Publish Children's Pictures

It is an undisputed fact that the responsibilities of tomorrow's world, our nation, and community will rest upon the shoulders of the children of today. Since this is true, the publishers of this newspaper would like to give you a good look at these future "World Builders".

The only way we can do this is by publishing pictures of them in a feature series. To assure the latest and best reproduction pictures — they must all be of uniform size and quality — we have again invited the Woltz Studios of Des Moines, Iowa, nationally known childrens photographers, to take these special pictures for us.

The Mercury has dealt with Woltz Studios on several previous occasions and has found them to be completely trustworthy and reliable.

An expert child photographer from the studio will be here Saturday, April 5. The special studio will be set up at The Bourbon Laundry and will be open from 10 a. m. to 6 p. m.

No Charge To Parents

There are absolutely no strings to this invitation. There is no age limit. It is bonafide in every sense of the word. Parents do not have to be subscribers nor even readers of this newspaper to take advantage of this feature. Those who want additional prints may obtain them by arrangement with the Studio representative when they select the pose they want printed in the paper. It is entirely up to them!

The Mercury simply wants pictures of all the youngsters. The success of this feature depends upon your cooperation. You will be mighty glad, afterwards, if you did, and very sorry if you failed to allow your children to participate in this event. The kiddies will have much fun, and both Mother and Dad — and Grandpa and Grandma too — will be very proud to see their pictures in print later. So be sure to bring your children to the Bourbon Laundry on the dates, the hours of 10 a. m. and 6 p. m.
