## Bloodmobile To Visit Here May 12; Quota-125 Pints

The Huntington Regional Bloodmobile unit will visit Carlisle May 12, according to Miss Stella Booth, secretary of the Nicholas County Red Cross chapter.

The quota for that day is 125 pints of blood. The unit will operate in the basement of the Christian church and will be here from 11 a. m. to 5 p. m.

The entire quota for the two visits the unit made here during 1952 was 250 pints, according to Miss Booth, but she stated that only 120 pints were donated.

Miss Booth reported that since September 1952 that the regional blood unit had supplied Nicholas county patients with a total of 1,000 pints of blood, administered at the local hospital and costing the patients nothing but the charge of administering it.

**12 Pints To Lexington**

Besides these 72 pints, Miss Booth said that she had replaced 12 pints to the St. Joseph and Good Samaritan hospitals in Lexington which was used by Nicholas county patients. This total of 84 pints of blood given to local citizens leaves very little for the use of wounded Servicemen in Korea or for use by the National Polio Foundation to manufacture gamma globulin, a short term preventive for polio.

Miss Booth stated that the Huntington Regional Center was the guest speaker at the Rotary Club last Thursday night and told of the valuable work that donated blood does. She urged the Kotarians to give the program their backing and support in helping to secure local donors.

Our Rotarian, whose name was not disclosed, pledged to give a pint of blood and secure other donors.

**Bait Is Warfarin**

The rat-bait, warfarin mixed with cornmeal, will be offered for sale Saturday in front of the Carlisle Drug Co. It has been packaged in three pound bags with instructions for its use printed on the bag and will sell for $1.50 each.

This is the same bait that was used in the fall campaign to eradicate the local rat population. Those joining the drive reported successful results and the bait stations which were maintained along the alleys and creek in Carlisle were reported by John Adams, co-chairman, to have been highly successful.

The Carlisle volunteer fire department answered the call and although unable to save the Finch house were successful in preventing the flames from spreading to the next door home of Mrs. Sylvia McQuithy.

A neat house at the rear of the Finch home was also destroyed by fire that morning as the sparks from the burning house ignited it.

The Sharpsburg fire department also answered the alarm and aided the local fire department in saving the nearby buildings.

## Horseshow Prospects Better Than Ever

More exhibitors than ever before have been writing in concerning this year's fifth annual VFW Horseshow, according to Russell Alexander, chairman of the show.

Alexander stated this from all present indications this year's affair should be one of the best ever staged. The chairman also reported that horseshow secretary John Fleebaid had already received several entries into the show, which is somewhat unusual this far in advance.

The show will be held the night of June 2 at the local athletic field.

Chairman Alexander also commented on the fact that the threatening weather preceding the show the past two years had hurt the entries as many of the contestants were hesitant in coming a long distance with a chance of the show being rained out. Alexander said that with good weather preceding this year's show, that "we should have one of the best horseshows that we've ever had."
